SALEM, OHIO, FRIDAY, OCTOBER 26, 1923

THREE CENTS

MUMMERS HERE'S CHARACTER LIST FOR PRIZE EVENTS

Tug-of-war Will Be First Event At Mardi Gras Halloween Night.

CONTESTS FOLLOW MASKERS' PARADE

Legion Makes Final Plans For Big Celebration Wednesday Night.

Characters for which prizes will be given by the American Legion during the mardi gras and carnival of fun which is to be staged under the Legion's auspices Wednesday night, Oct. 31, have been compiled into a list by the awards committee composed of Carl Yensling, John C. Campbell, and Charles Hald.

The first event will be the tug-of-war between the freshmen and sophomore classes of the high school. The contest will be put on at a point convenient to a large crowd so that all may see it.

In the parade of mummurs which will follow the tug-of-war and which will be headed by the Quaker City band and the firing squad of the American Legion, the best characters for which prizes will be given are the following:

Charlie Chaplin, Jiggs, Maggie, Walt and Skeezix, Barney Google, Sunshine Spark Plug, Mutt and Jeff, animal, Uncle Tom, rube convict, fatman, Hawaiian lady, smallest Santa Claus, tallest Santa Claus, Turk, comies, fat man, male Indian, Chinaman, Indian squaw, shortest man, Chinaman, Irishman, cowboy, duo, couple in rig, most original single person and original couple, Uncle Sam. In addition there will be a prize for the best decorated auto in line.

Following the parade there will be a series of contests on Main and Broadway. These contests will include pie eating contests, apple bobbing, ginger bread eating contest, banana eating and a number of others. Plenty of pies and other eats will be on hand for the contestants.

Starting at about 9:30, immediately after the parade, there will be a dance at the Foresters hall.

Post Commander Carl Yensling has called a special meeting of the awards and finance committee for 7 p. m. Friday at the post rooms.

The finance committee will make a report at this time of the total amount secured from merchants to be used as prizes, and the general committee will then make final plans for what promises to be a celebration that will far eclipse others of its kind held here on Halloween.

TWO HUSBANDS GET DIVORCE DECREES

George Holk Given Decree After Testimony; One Woman Wins Case.

Three divorce actions were decided Friday morning by Judge Moore, S. C. Rogers, of Columbiana, after producing testimony to show that his wife, Alice M. Rogers, had not performed her duties as a housewife, granted the plaintiff his degree of divorce on the grounds of gross neglect of duty.

George Holk, of Salem, testifying that his wife Dorothy preferred the company of other men to his, was granted his degree of divorce on the grounds of unfaithfulness.

After showing that his wife had left him, and was now living with an Italian by the name of Peter Mason, Arthur T. Hull, of East Liverpool, was granted a divorce from Nora Hull, on the grounds of unfaithfulness.

WARREN MEN SPEAK AT ELKS MEETING

One hundred and fifty Elks attended the annual roll call observance at the Elks home Thursday night at which speakers were A. H. Woodward and J. A. Mounts, both of Warren. Mr. Woodward gave a talk dealing with fraternal matters while both speakers developed a humorous theme, winning the approval of their audience.

After the program and business matters, the organization enjoyed a lunch and social period.

Lisbon Postmaster Contest Undecided

Lisbon, Oct. 26.—Although it is more than a month since the official term of Postmaster W. S. Potts closed, no word has been received here as to who his successor will be. Five men, Homer Deemer, Willis Hole, J. F. Adams, Albert Webber and H. E. Marsden were candidates for the appointment.

A civil service examination was given in July at which all the candidates were present. So far no notification has appeared as to who were the three highest men in the class from whom the postmaster is to be chosen.

Join Pilgrimage To Cold Run Saturday Meet At City Hall

"Join the pilgrimage to the site of the proposed new water plant," is the appeal being made to all citizens of Salem.

The trip will be made Saturday afternoon, starting at 2 p. m. from the front of the city hall. Service Director J. B. Bristol will accompany the voters to explain the plans as they inspect the site along Cold Run about seven miles south of the city on the depot rd.

Those who have automobiles are asked to donate their use for the afternoon. The trip will require about two hours.

This pilgrimage has been arranged for the benefit of those who are not familiar with the proposal to be voted on Tuesday, Nov. 6. A bond issue of \$300,000 is sought to buy the land, build a pumping station and lay the pipes to connect with the city mains.

DR. STEINMETZ, 58, DIES SUDDENLY AT HIS HOME FRIDAY

Famous Electrical Wizard Expires While Being Given Breakfast.

CAME TO AMERICA PENNILESS IN 1889

Invented Miniature Thunder And Lightning Only Few Months Ago.

Schenectady, N. Y., Oct. 26.—Dr. Charles Proteus Steinmetz, widely known electrical wizard, died at his home here shortly before 5:30 this morning.

The end came very suddenly. He had been ill less than two weeks and during the last few days had been reported as rapidly recovering.

Dr. Steinmetz was being given his breakfast when he gasped and sank back on the pillow dead.

Just a minute before the end he had remarked to the nurse that he felt the best since he was taken sick. It is believed death was due to heart disease.

Dr. Steinmetz was born at Breslau, Germany, April 9, 1865. He came to this country 38 years ago.

Dr. Steinmetz for several years has been chief electrical engineer at the General Electric company's plant in this city. He was regarded the world over as an electrical genius.

Schenectady was shocked when news of his death became known. He always had taken a great interest in the progress of this city.

Only a few months ago Dr. Steinmetz invented miniature thunder and lightning. This was considered one of his masterpieces. So real was the lightning that under the hand of Dr. Steinmetz small trees erected in his laboratory could be demolished.

Dr. Steinmetz was regarded as the foremost electrical expert in the world, next to Thomas Alva Edison.

It was the life dream of Dr. Steinmetz to make electricity the universal fuel power of America. He was constantly experimenting with this end in view.

Dr. Steinmetz was the author of many books. He was born in Breslau, Germany, and was educated in Germany and Switzerland. He arrived in America in 1889 penniless and started in at the bottom of the ladder.

Aged Women Honored By Damascus Women

A program of songs and readings was given by members of the Damascus W. C. T. U. when they visited the Home for Aged Women on McKinley av. Thursday afternoon. It was much enjoyed by the inmates.

The women brought candy, fruits and jellies for the inmates and these were very much appreciated.

Driver Killed When Train Strikes Truck

Charles Umstead and children left for Canton to attend Friday afternoon the funeral of Sherman Hexamer, who died Tuesday afternoon from injuries received when the truck he was driving was hit by a Wheeling & Lake Erie freight train.

Fresh Battles Mark Germany's Civil War

Berlin, Oct. 26.—Fresh battles between German police and separatists were reported from the Ruhr today. Fighting again broke out at Duisburg, on the northern edge of the Ruhr, where the secessionists had seized the town hall on Thursday.

houses at Columbia university and at Baldwin, Long Island.

There, they assert, they have been able, by using electric lights developing an intensity one-fourth that of the sun's rays to make flowers bloom at a predetermined time, and to mature vegetables in from two to three weeks' less time than normally transpires between planting and ripening.

The speeding up of vegetable growth is accomplished by the installation of "overtime" in the hothouses. The plants are permitted to sleep an hour after sundown, as the experimenters described it. They get an hour's repose; then the electric lights are turned on, and the flowers absorb the artificial light and heat as greedily as they do the sun's rays.

New Commander Of American Legion

Capt. John R. Quinn in 1922, at New Orleans, invited the American Legion to meet in San Francisco in 1923, and to prove that the Legionnaires appreciated the invitation and the good time they had in the Golden Gate City they elected Quinn their new national commander. Quinn, who was born in Porterville, Cal., in 1899, lives now in Detroit, Mich. Quinn graduated from the University of California in 1912, joined the second officers' training camp at the San Francisco presidio and went overseas as captain of Company F, 348, Field Artillery, staying with the Army of Occupation until 1919, when he returned home.

FRANCE ACCEPTS PLAN FOR PARLEY ON REPARATIONS

"Conditional" Acceptance Is Taken As Paving Way For New Effort.

Paris, Oct. 26.—The French foreign office announced today that the government is willing to accept Premier Stanley Baldwin's proposal for a conference of experts to consider the reparations' issue.

It was pointed out, however, that any such meeting must be organized under the conditions of the treaty of Versailles, and must be conducted under the auspices of the inter-allied reparations' commission.

While the foreign office statement had the outward appearance of a concession, it was pointed out in authoritative quarters that the French government was not receding from its original position upon reparations. France's conditions for a conference are such that they are regarded as a rejection of Secretary of State Hughes' plan for an international conference to fix Germany's capacity for indemnity payments.

Paving The Way
Washington, Oct. 26.—France's "conditional acceptance" of the Baldwin plan for an international conference to deal with German reparations paves the way for a fresh attempt on the part of all the world powers to settle this controversial issue and the re-entry of the United States on the European stage at the most critical time since the armistice.

Plucks Violets To Prove Winona Isn't Always Cold Place

Residents of Winona are looking for the man who started that little song, "The Coldest Place in the World is Winona."

The reason for the sudden flurry among said residents is the discovery by E. J. Bailey in his orchard of a patch of violets growing full tilt, as though the air was that of April.

Bailey chanced on these harbingers of—well, spring, if you please—as he was going out to pick some apples.

He first noticed the violets two weeks ago. He gathered a bouquet for the vase on the parlor table and then brought a bunch to The News office as evidence that it is not always cold in Winona.

LINCOLN PAVING CONTRACT IS LET

Youngstown Firm Awarded Contract At \$1.94; One Bid Was Lower.

The contract for resurfacing Lincoln ave. pavement with a two and a half inch layer of asphaltic concrete, was awarded Friday by the city board of control to Kelley & Meyer Co. of Youngstown, Service Director J. B. Bristol announced.

The bid of the Youngstown firm for Texaco mixture was \$1.94 per square yard. The Ohio-Willite Co. bid \$1.58 for the same grade of concrete and submitted a bid of \$2 for the Willite process.

The Kelley & Meyer Co. did the resurfacing job on Garfield ave. It is said the company is prepared to start work on Lincoln ave. within two weeks and will complete the job three weeks later.

The group present heard one of the most illuminating lectures on the fundamentals of play production ever heard in this city.

Mr. Junkin dealt with the production of a play on a stage of a given size and showed how every detail in the way of scenery, lighting, placement of furniture, exits and position of characters is all carefully thought out in advance. No one who heard this preliminary talk last night ever can see a play again without entering into it with more understanding and enjoyment.

The aim of this course is not merely to give one the ability to understand drama as a means of enjoyment and satisfaction. It is hoped that out of this course will come a number of groups who will find permanent satisfactions in reading and producing plays.

The meeting tonight will begin at 8 o'clock and every one who is interested is invited to come. This is a fine opportunity to acquire a better understanding of one of the oldest and most interesting of the arts.

Tonight Mr. Junkin will take up rehearsing of plays, using as illustrations the casts for the plays to be given Nov. 13.

FALL OPENING
AT THE KELLER AUTO CO. SATURDAY AFTERNOON AND EVENING. THE NEW CHAMPION AND ALL OTHER OVERLAND, WILLIS, KNIGHT AND OAKLAND MODELS. WILL BE ON DISPLAY. RADIO CONCERT BY H. L. PETERS.

Wanted, Cook Stove For Worthy Family Red Cross Appeals

Salem chapter, American Red Cross, Friday made an appeal for a coal cook stove for a worthy family.

If you have one in good condition that you can donate, call home 219, and the chapter will arrange for the moving of the stove.

A worker for the chapter stated this morning that calls were coming in for radiators, electric water heaters and heavy groceries for both adults and children. There are some requests for such staples as potatoes. Anyone having such contributions can call the Community house depot st. where the chapter has its headquarters.

Careful investigation is made of the cases before help is given.

TRAPPED BY GATES AUTO IS WRECKED BY ENGINE, 4 HURT

Greenford Couple And Two Children Injured At Newgarden St.

AUTO CARRIED 30 FEET BY SHIFTER

Three Machines Trapped As Gates Are Lowered To Let Shifter Pass.

Four persons were injured when the automobile in which they were riding was struck by the Pennsylvania railroad shifter on the Newgarden st. crossing at 7:30 p. m. Thursday.

The gates had been lowered on that car and two others, and the one machine was struck by the shifter as it backed out of the yards.

Mr. and Mrs. Frank Labus and two children of near Greenford were in the car Labus received an injury to his right foot that may prove serious. The foot was caught in the steering apparatus as the train carried the car down the track.

Mrs. Labus sustained a wrenched shoulder and injuries to her back. She may be internally injured.

Cecil, small son, received a cut above the left eye. Ralph, infant son, had a badly cut mouth an arm bruised and lacerations of the face.

Eye witnesses of the accident state that the Cleveland flyer had just passed and that the gates were raised to allow autos to go over the crossing. As three cars, including Labus', started across the shifter started out from a side track and the watchman shut down the gates on the car. Labus being unable to run his car off the track because of the gates.

The engine struck the auto, its occupants screaming with fright, and carried it 20 yards down the track, wrecking the machine and all but hurling the four persons under the train of freight cars.

The engineer stopped the engine and assisted the injured from the wrecked machine. A physician was called and he dressed the cuts and conveyed the injured to their home. The Labus family was returning from a visit to Minerva.

DRAMA INSTITUTE OPENS IN SALEM

Mr. Junkin Gives Lectures On Fundamentals Of Play Production.

The drama institute conducted by Community Service opened Thursday night with a rather small attendance. The group present heard one of the most illuminating lectures on the fundamentals of play production ever heard in this city.

Mr. Junkin dealt with the production of a play on a stage of a given size and showed how every detail in the way of scenery, lighting, placement of furniture, exits and position of characters is all carefully thought out in advance. No one who heard this preliminary talk last night ever can see a play again without entering into it with more understanding and enjoyment.

The aim of this course is not merely to give one the ability to understand drama as a means of enjoyment and satisfaction. It is hoped that out of this course will come a number of groups who will find permanent satisfactions in reading and producing plays.

The meeting tonight will begin at 8 o'clock and every one who is interested is invited to come. This is a fine opportunity to acquire a better understanding of one of the oldest and most interesting of the arts.

Tonight Mr. Junkin will take up rehearsing of plays, using as illustrations the casts for the plays to be given Nov. 13.

REJECT RESIGNATION OF PREMIER POINCARÉ

Paris, Oct. 26.—That Premier Poincaré tendered his resignation as a result of President Millerand's Eveux speech a fortnight ago was revealed by the newspaper Quotidien today. The resignation was rejected. It is understood that the premier took the speech to be a criticism of his domestic policy.

LIVES OF EIGHT IN DANGER AS BOMB LETS GO

Conrad Gives False Information; Wife And Daughter Admit They Were At Home; No Trace Of Bombers Discovered.

The lives of eight people were endangered when the blast of dynamite wrecked the home of Dr. S. E. Conrad, state prohibition agent, at 1:40 a. m. Thursday.

Conrad, in an interview in the Conrad home at 8:30 a. m. Thursday, told a reporter of The News that he was the only person in the house. He insisted that his family "by peculiar coincidence was away" at the time the bomb tore out the south portion of the house and caused several thousand dollars damage to the Methodist church.

In the afternoon, when questioned again by a representative of The News, Conrad again insisted that he was the only occupant in the house.

Three Women In House
Neighbors and persons living in the Conrad home vouch for the following information as correct.

Mr. and Mrs. Conrad, their daughter, Helen, and a girl friend, and four roomers were asleep in the house. William Beech, one of the roomers, was thrown out of bed.

Following the blast the three women are reported to have rushed to the window but Conrad is alleged to have made them stay inside and the information was given out that no one was in the house but himself.

What reasons the dry agent had in attempting to suppress such information could not be learned Friday morning when a News reporter interviewed Mrs. Conrad and the daughter, who then admitted they were in the house when the bomb exploded. Dr. Conrad was out of the city, the women said.

Prosecuting Attorney Jesse Hanley, who is making an official investigation of the bombing, the second within a week, stated Thursday night that he had a wisp of a clue but nothing much could be found.

The county authorities, city police, and state and federal men are combining in an effort to hunt the would-be slayers of the dry agent and his family. Weaving together the

THREE SALEM LIQUOR CASES ARE REVERSED

Judge Rules Acting Mayor Had No Jurisdiction In Such Cases.

Three Salem liquor cases against Tiedt Andre, John L. Ottean and John Rogers, were argued in common pleas court before Judge G. A. Starn Friday morning.

All three of the men were fined \$500 and the costs in the court of Acting Mayor Flick of Salem and the cases were later appealed to common pleas court.

The chief argument in the matter as introduced by the defense was whether an acting mayor has jurisdiction to preside at a trial of criminal cases in the absence of the mayor. Other errors were alleged in the ad-

Lloyd George Pays Honor To War Dead

Washington, Oct. 26.—Lloyd George today paid homage to America's war dead by placing a wreath on the grave of the unknown soldier at Arlington and Saturday will motor to tomb of Washington at Mt. Vernon. Tonight he will be the guest of honor at the home of Secy. of State Hughes and Saturday will motor to Gettysburg, Pa., to view the battlefield.

REWARD OF \$1,000 OFFERED BY KLAN

County Organization Makes Offer For Arrest Of Salem Bombers.

As a further stimulus in efforts of the city, county and state officials to round up those responsible for the bombing of the home of Dr. S. E. Conrad, officials of Columbiana County Knights of the Ku Klux Klan have announced that they will give a reward of \$1,000 to the person who can reveal the identity of the bombers, or furnish information leading to their arrest and conviction.

This announcement comes from a Columbiana County Klan official located in East Palestine. Rewards offered for such information now total \$1,500, the county commissioners having offered \$500 for the same purpose.

Edison Shocked By Dr. Steinmetz Death

Orange, N. J., Oct. 26.—Thomas A. Edison was shocked at the news today of the passing of Charles Steinmetz, electrical wizard.

"I regret very much the death of Mr. Steinmetz. The world has lost one of its greatest mathematicians, and the electrical industry will miss one of its shining lights."

Divorce statistics suggest that errors mix with arrows in cupid's quiver.

THE NEW PARTNERSHIP

There has been a marked change in the attitude of patient to doctor, and doctor to patient in the last few years.

That feeling of awe on the part of the patient toward the doctor is now departing. While it was well to respect the doctor and his knowledge, it often led the patient to try and doctor himself, as, if the ailment were slight he felt that the doctor would dismiss him with perhaps a high or a slight rebuke for bothering with such a trifle. (This of course does not apply to the occasional doctor who magnifies the seriousness of simple ailments so as to make people more carefully.)

Also from the doctor's standpoint, there is a more direct contact with the patient. Where formerly a doctor hesitated to explain the cause of an ailment to a patient, because he felt that the latter might think he was trying to "show off" his knowledge, he now goes into the simple explanation of the structure of the particular part, and what is likely interfering with its proper use or condition.

What's the result?

Why he immediately has the cooperation of the patient, who with a common sense idea of what is wrong, uses common sense measures, with the aid of the physician to get himself well again.

You see the majority of people have courage enough to face things, to actually fight things, if they know exactly what is wrong, and the proper way to meet it.

The thing that delays recovery and takes the fight out of people is "uncertainty." Thus all their time is spent in wondering just what can be the matter, whether or not they are doing the proper thing, and what will be the outcome.

With the new arrangement they tell their doctor everything; he gets every chance humanity possible to diagnose their ailment, and by explaining the nature of the trouble and the necessity for certain measures, two interested parties are working toward the cure instead of one. Often the patient was undoing the treatment by fear and lack of knowledge.

It's all just good hard sense, isn't it?

20 YEARS AGO

(Issue of Oct. 25, 1903.)

The body of Charles Stratton, of Patmos, was brought to Salem late Monday evening from Youngstown, where he died in a hospital from injuries sustained when struck by a freight train.

A statue of Jean Jacques Dessalines, founder of the independence of Haiti, to be made at the Mullins company plant, will be unveiled Jan. 1, 194, at Fort au Prince, Haiti, in honor of the centenary independence.

Invitations have been issued by the Sharpnack family for an old time ball Friday evening, Oct. 30, in the European hall, over the postoffice.

Workmen's Compensation

ONE of the three amendments to the state constitution to be voted on Tuesday, Nov. 6, provides compensation for all accidents and diseases arising out of employment, provides additional compensation in certain cases, abolishes open liability of employers, and provides a fund for the investigation and prevention of industrial accidents and diseases.

At the last session of the legislature a law was passed increasing weekly benefits from \$15 to \$18.75 and death benefits from \$5,000 to \$6,500. This same law requires all employers of three or more persons to insure under the workmen's compensation act. This will force many farmers to insure who are not now insuring, and the strong probability is that efforts will be made to force all employers to insure, irrespective of the number employed.

As the constitution now is, an employer who takes out insurance may be liable for injured employees. If the proposed amendment is adopted, and the open liability of employers taken out of the constitution, the insurance required by law will be real and protective.

This amendment, framed largely through the efforts of Malcolm Jennings, secretary of the Ohio Manufacturers' association and with the whole-hearted support of labor, should be adopted.

Lawlessness

THE second bombing of a Salem residence within a week should make city and county officials to make effort to check this display of lawlessness. County officials have shown the proper spirit in getting on the case at once and there is every evidence of a desire to continue the search until the element that is responsible for the bombing shall be compelled to realize that the law is still supreme. No act can possibly justify such a means to obtain revenge. Nothing is much more dangerous than destruction of property, endangering the lives of the occupants. Proper respect for the laws of God if not for those of man would deter any right-minded person from taking such a step. In the Salem cases it is evident that an organized effort is being made to seek revenge. That effort must be broken up if it is within the power of the authorities.

Most Wonderful of All Prodiges.

An eleven-year-old Russian boy, Shuro Cherkaski, who has recently arrived in this country, is pronounced by some well-known musicians to be the greatest piano prodigy that has ever been heard. He plays many of the most difficult compositions with the understanding that is to be found only in old and experienced artists. His family was reduced to abject poverty before the lad was discovered, having parted with all their possessions for the purchase of fuel and food.

The famous old Millville orchestra, known as the Sharpnack family orchestra, will furnish the music.

Joseph Zager, Italian, whose place of residence is unknown, was burned to death Monday afternoon at the overhead bridge a mile east of Garfield station.

Announcement is made of the marriage of Miss Jeanette Groner, of Leontia, well known in Salem, to J. F. Sykes, which will take place next week. They will reside in Allegheny where Mr. Sykes is employed.

Aaron Chamberlain and family of Lisbon moved to Salem today. They will reside on East Broadway. Walter Long and Bessie Campbell, both of Salem, have been licensed to wed.

F. J. Nichols, who is in charge of the grading gang west of the city, was in the city looking up a location for the camp, which will be moved to a point east of the Blackburn hill, as soon as a place can be secured.

Mrs. R. G. Satterfield and son, Richard, of Sharon, passed through here this morning enroute to Omaha, Neb., to spend the winter with relatives. Mrs. Satterfield is the mother of Mrs. P. T. Miles and George Satterfield, this city.

NEW LAMP BURNS

94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil).

The inventor, E. A. Johnson, 699 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

RED CROSS PLANS FOR COMING YEAR

Over \$2,000,000 in Fund for War Sufferers—National Budget Is \$5,543,077.

AID TO VETERANS STANDS FIRST

Expended \$9,738,448 in Services to Mankind Last Year at Home and Abroad.

Washington.—With a budget of \$5,543,077.81 for carrying out the program of service during the current fiscal year, beginning July 1, the American Red Cross announces that this amount was \$4,195,370.41 less than was expended during the fiscal year ended last June 30. During that year expenditures reached a total of \$9,738,448.22, of which amount \$2,605,686.09 was devoted to relief of refugees in Greece who had been driven out of Asia Minor. In announcing the budget for the year, the statement from National Headquarters emphasized the fact that its extensive work at home and abroad depends almost wholly upon the nationwide support of the organization through enrollment of membership in large numbers during the annual roll call, which will be in progress from November 11 to November 29 under the auspices of the 3,600 Chapters in the United States and throughout the world. These Chapters, it is pointed out, during the last fiscal year expended of their own funds approximately \$3,920,000 in work for the men who wore the United States uniform during the World War, so that the estimate of some \$15,000,000 expended during twelve months by the American Red Cross as a whole is considered conservative.

Soldier Service Stands First

From July 1, 1917, to June 30, 1923, the American Red Cross spent nationally and through its Chapters close to \$194,000,000 in behalf of American soldiers who served in the war and their families. During last year the figure alone amounted to more than \$5,866,354, and for the current fiscal year National Headquarters has set aside under the heading, "Assistance to Disabled ex-Servicemen and Women," \$2,067,834.20. The Chapters will continue to do their part, so that it may be predicted with confidence that again more than \$5,500,000 will be disbursed in the large variety of services to the disabled men and women and their families—services for which the Government cannot provide and which reach the individual case with the sympathy and understanding only actual contact can insure. This work of the American Red Cross approaches the fifth anniversary of the Armistice, which ended the World War with only slight decrease in calls for service in the interest of the welfare and rehabilitation of those who suffered physical disability in the service of their country.

In the interest of the enlisted men serving in the Army and the Navy the budget provides \$369,020 for the current year. This is obligatory under the Red Cross charter, for the organization must act in matters of voluntary relief and as a medium of communication between the people and their Army and Navy.

Domestic Program Extensive

The domestic operations of the American Red Cross comprise an accurate indicator of the continuing basis for expansion in all the established and authorized services. The budget aggregates \$4,636,449.70, as against expenditures during the last year of \$4,452,066.20. The abnormal demands in the foreign field in the last several years, however, have largely subsided, and in consequence \$906,623.11 has been set for the 1923-24 budget under foreign operations. On this amount \$394,303.91 is set aside for engagements which will close the work for the refugees in Greece, for whose amelioration \$2,605,686.09 was expended up to June 30, when the American Red Cross withdrew, and the work was taken over under the control of the Greek government. For liquidation and completion of general relief in Europe the budget provides \$100,000, and for American Junior Red Cross projects, foreign and insular, and assistance to Chapters listed under foreign operations.

Ready for Emergency Calls

The readiness of the American Red Cross to answer immediately with effective service in cases of emergency is an outstanding feature of its program, that is universally recognized. During last year \$525,000 was spent for relief in 110 disasters, which was \$207,500 in excess of budget provisions. This year \$400,000 has been appropriated for this service. Since 1861 the Red Cross has administered more than \$20,000,000 in relief work following disasters.

Other budget items in the schedule for domestic operations include \$1,232,524.20 for service and assistance to the 3,600 Chapters and their Branches; \$30,000 for assistance to other organizations, particularly stressing child health activities; \$194,000 for Junior Red Cross projects and service; \$10,824.20 for assistance to Nurses' Training Schools, and for other activities \$111,456.80. For supervision of service activities and general management of the entire American Red Cross less than \$225,000 is allotted.

700 FARM YOUNGSTERS WILL VISIT COLUMBUS

Seven hundred boys and girls scattered over Ohio's 88 counties will visit Columbus at the expense of their counties Nov. 19 to 24. The ninth annual Club Week has been set for these dates, and the Ohio State university will play host to these 700 youngsters who were named county champions in one of the 14 projects carried on this season under the guidance of extension specialists, county agents and local leaders.

Three things form the basis of the Club Week program, according to state club leaders: First, instruction, chiefly by active demonstration rather than by lecture, in the club projects; second, recreation and entertainment; third, a chance to see the university's and the city's points of interest.

Boy county champions, for example, will see an extension specialist go through a pen of market hogs and show which animals are "typy" and which are not worth raising for market. Then the animals will be slaughtered and their carcasses brought back so that the boys may learn what kind of carcass goes best on the market.

The girls, meanwhile, will witness plays designed to illustrate graphically the high spots in the clothing and nutrition projects. At another hour they will hear a woman who knows pictures tell what pictures are worth having in the home and how to select them. A floral expert will give a talk on floral arrangement.

Evenings, will be given to entertainment and recreation. This program includes time for games, social gatherings, general talks by promi-

nent Ohioans, and sightseeing tours of the University campus and the city.

You Pay for the Wool and Work But You Receive the Style with Our Compliments

With every Overcoat and Suit that leaves here there goes with it something the customer does not pay for.

Yes—the cloth and linings are billed—so are the buttons and bastings—but the main thing—the vital thing in any coat is the style it carries—not the heat it holds.

Any \$20 Coat and Suit will keep you warm and any man can sell it but to put style and quality into the purchase you have first got to have it on the premises.

Here it is and you are paying only for the woolen and the workmanship.

SOCIETY

Cameron-Harrington

Miss Ruth Cameron of Damascus and James S. Harrington of Warren were the principals in a very prettily appointed wedding at noon Thursday at the home of the bride's parents, Mr. and Mrs. James Cameron, Damascus.

Rev. A. L. Baker of Cleveland read the ring service, and the nuptials were witnessed by about 30 guests, mostly relatives. Autumn leaves and chrysanthemums beautified the home. The bride was attractively gowned in a creation of white canton crepe and carried a bouquet of white roses. Her bridesmaid, Miss Mildred Cameron, a sister, was dressed in cream crepe. Her bouquet was of pink roses. Donald Harrington, brother of the groom, was the best man.

A bouquet of white and pink roses added beauty to the bride's train. The dinner which followed the ceremony was a luncheon given by the bridesmaids. The guests were seated at other tables. Misses Evelyn Whinnery, Edith Layman, Elizabeth Street and Anna Denton, friends of the bride, assisted in serving.

Mr. and Mrs. Harrington were graduated from Mt. Union college, Alliance. She is a member of the Alpha Xi Delta fraternity and he of the Sigma Nu fraternity. Mrs. Harrington has been teaching in the Damascus high school. Mr. Harrington is a son of Mr. and Mrs. J. A. Harrington, Leontia. He is employed in Warren where he and his bride will reside. They have gone on a honeymoon trip.

Fleur De Lis Club

A pretty bouquet of garden flowers was the center adornment on the table and the Halloween decorations were used at a luncheon given by Mrs. J. C. Moore Thursday at which she entertained her associates of the Fleur De Lis club at her home, East High st. Fancywork was the chief diversion. Mrs. Frank Boone of Youngstown, was an out of town guest, and became a member of the club. The next meeting in about four weeks will be with Mrs. John Bushman, Jennings ave.

Hall-Riddle

Announcement was made here Friday of the marriage of Harry Riddle of Columbiana and Miss Doris Hall of Sebring, the ceremony occurring in Cleveland. Riddle was born and lived practically all his life in Lisbon. Last year he purchased a drug store in Columbiana and has prepared a home there for his bride. Mr. and Mrs. Frank Riddle, parents of the bridegroom, Mr. and Mrs. Leonard Longshore and Mrs. Samuel Longshore of Lisbon attended the ceremony.

Little Girls' Party

The Misses Henrietta Tucker and Nellie Haldeman were associate hostesses Thursday night at a "little girls' party" held at the Haldeman home, Lincoln ave. The girls came attired in clothing appropriate to childhood, their appearance providing considerable merriment. The home had been prettily decorated with Halloween colors and novelties, and a lunch in keeping with the Halloween season was served.

A Birthday Party

Large yellow chrysanthemums made the home beautiful when Mr. and Mrs. W. H. Barnes of Greenford entertained a few relatives and friends at their home Thursday evening, honoring the birthday anniversary of Miss Gertrude Knauf. A lunch was served in the dining room, which was effectively decorated in Halloween novelties. Music and other social pleasures occupied the hours. Miss Knauf was the recipient of some lovely gifts.

Class Honors Ride

Members of the Ashbury class of the Methodist church assembled at the home of Mrs. Charles Kniseley, Ellsworth ave., Thursday night completely surprising Mrs. Kniseley, whose wedding was a recent event. The party was at the home of the bride's parents, which had been decorated for the occasion. A lunch was served to the 18 guests and Mrs. Kniseley was presented with a gift from the class. She was formerly Miss Margaret White.

Birthday Dinner Party

In celebration of the 18th birthday anniversary of her daughter, Ruth, Mrs. A. C. Barton of Ohio ave. entertained at a prettily appointed dinner Thursday evening, which interested six friends of the honor guest. A birthday cake ornamented with candles formed the centerpiece and the other appointments were in keeping with the Halloween season. Halloween novelties were used to decorate the home.

King's Heralds Party

A jolly masquerade party was enjoyed by 14 members of the Kings Heralds of the M. E. church Wednesday evening at the home of Loraine Fisher, Benton rd. The home was beautifully decorated for the occasion. Music and games were favorite pastimes.

The party was arranged by Loraine, her sister, Florence and Gladys Fuits and Lila and Meda Kelley.

Class Honors Two

Honoring Mrs. Fred Leiner, of Detroit, a former member of the class, and Mrs. Charles H. Haugher, the new teacher, the Helping Hand class of the M. E. church held a covered dish dinner Thursday at the church. There was a large attendance and the event was very enjoyable.

Two Counts Licensed

Marriage licenses have been issued at Youngstown to Virginia L. Bortschey of Sebring, and Lamont B. Siefert, Alliance, and Dora Longstreet and Comley J. Carr, North Lima.

C. C. Mulford of the State Soldiers' home at Sandusky is visiting with friends and relatives here.

Mrs. Arthur Haessly has resigned her position at the Spring-Holzworth company store.

Ohio Club

For the prettiest costume Mrs. Harold Hise was awarded first prize and Mrs. Arthur Coy was awarded the prize for the most comic costume at an enjoyable Halloween party Thursday evening at which Mrs. William Jackson, Roosevelt ave., entertained Ohio club members and their children. The children winning prizes were Harold Greenmeyer, Jr. the prettiest costume, and Robert Smithyman for the most comic. The house was prettily decorated in Halloween novelties. Music was a diversion and Mrs. Jackson served a pleasing supper at a table ornamented appropriately for the occasion.

Elite Club

Mrs. Herbert McCave entertained members of the Elite club at a theatre party at the State theatre Thursday evening. Later they went to Cavitt confectionery store for refreshments.

Saturday evening the club and their husbands will be entertained at a masquerade party given by Mrs. John Hickling, Woodland ave. In two weeks, Mrs. Carl McConner, Fair st. will be hostess to the members.

Birthday Supper

Sixteen friends carried out a complete surprise for Mrs. O. E. Whinnery at her home, Pershing ave., Wednesday night, in honor of her birthday anniversary.

Mrs. Whinnery was presented with a fine piece of linen by her friends. "Five hundred" was the featured diversion of the evening. Games and music added to the evening's fun. A delightful lunch was served.

Thursday Afternoon Club

The home decorations were in keeping with Halloween and a lunch in which the same decorations were featured was a pleasing conclusion to the afternoon when Mrs. William King was hostess to her club associates Thursday afternoon at her home, East Sixth st. The usual diversions claimed attention. In two weeks the members will meet again.

South Side Club

Mrs. Samuel Hall was hostess at a meeting of the South Side club Thursday afternoon at her home, Lisbon rd.

The club members are planning to entertain their husbands at a Halloween party at the home of Mr. and Mrs. Herbert Zimmerman, Depot rd., probably Oct. 31.

Masquerade Party

A masquerade party was held Thursday evening at the home of Wilford Edgerton, east of Winona, to celebrate the birthday anniversary of James Edgerton. Games enlivened the evening. Some of the 30 guests were from Salem and Damascus.

Nurses Party

The Harmony seven orchestra played for dancing at the Hannah Mufins Nurses home, McKinley ave., enjoyed by nurses of the Salem city hospital and their invited friends. Games formed a part of the entertainment.

Ruth Circle

The Ruth circle of the First Friends church will meet at 7:30 p. m. Friday at the church to transact important business.

Mrs. R. L. Reeves and Mrs. J. H. Forre, of Beaver Falls, Pa., and Mrs. Jennie McClain, of Smith Ferry, were luncheon guests Thursday of Mrs. S. J. Egerwein, East High st.

Mrs. Jennie McClain, of Smith's Ferry, who has been visiting her son, T. A. McClain and family, Ellsworth ave., returned home Friday.

Mr. and Mrs. W. W. Luce and family, Damascus rd. will leave Saturday morning for Daytona, Fla., where they will spend the winter.

Robert Speidel is spending a few days at Chicago and is attending the Notre Dame homecoming and football game at South Bend, Ind.

Mrs. W. R. Hale of Lisbon and Mrs. W. R. Gilbert of this city spent Friday in Damascus, the guests of Mrs. J. F. Penrose.

STOCKS

BREAK IN FILM STOCKS

New York, Oct. 25.—A break of over five points in Famous Players at 60, featured the trading at the opening of the stock market today. The general list was irregular with advances and declines about evenly divided.

United States Steel was unchanged at 87. Bethlehem Steel rose 1/4 to 47. Copper opened steady, Anaconda rising 1/4 to 33 and American Smelting 1/4 to 52 1/4.

Studebaker rose 1/4 to 96 1/4. U. S. Rubber 1/4 to 31 1/4 and Stromberg one point to 63 1/4.

Oils were irregular. Caden at 25 1/4. Texas company at 40 1/4 and Pan American Petroleum at 4 1/4, were fractionally lower. Royal Dutch rose 1/4 to 46 and Standard Oil of California 1/4 to 50 1/4.

New York Central improved 1/4 to 100 1/4. B. & O. 1/4 to 56. Wabash preferred "A" 1/4 to 30 1/4 and St. Paul preferred 1/4 to 22 1/4.

Union Pacific yielded 1/4 to 127 1/4 and Southern Railway 1/4 to 32 1/4.

Ancient Japanese Tombs.

Tombs of six imperial ancestors have just been discovered in obscure spots in the suburbs of Kyoto. They have been identified as those of the sons and daughters of Emperor Godaigo, who was banished to Oki Island by Ashikaga, the usurper, 584 years ago. The Emperor Godaigo dispatched his sons to nearby provinces to raise recruits for his campaign against Ashikaga and their tombs are scattered around the country. The Imperial mausoleum board is making a search for ancient graves, with the hope that discoveries will be made which will help in the study of the history of the country.

CLAY AWAY THE YEARS

Apply Boncilla Beautifier cosmetic clay to your face, and rest while it dries, then remove and see and feel the wonderful difference in the color and texture of the skin.

Guaranteed to do these definite things for the face or money refunded. Clear the complexion and give it color. Lift out the lines. Remove blackheads and pimples. Close enlarged pores. Rebuild facial tissues and muscles. Make the skin soft and smooth.

You can obtain regular sizes from your favorite toilet counter. If not, send this ad, with 10 cents to Boncilla Laboratories, Indianapolis, Indiana, for a trial tube.

E. T. Wallace Acts To Aid Mrs. W. E. D. Stokes.

Edgar T. Wallace

Edgar T. Wallace, mining engineer of San Francisco and New York, rushed east to attend the New York City trial of W. E. D. Stokes' divorce suit against Mrs. Helen Elwood Stokes. Wallace had been named as co-respondent by Stokes. He denied the charge in whole.

CAR JUMPS RAILS ROLLS DOWN HILL

Steuersville, Oct. 26.—The crew and several passengers had a close call from death when a south-bound traction car of brilliant division of the Wheeling Transit Co. left the rails at a short curve, rolled down a steep hill and turned over shortly before 8 a. m. today.

The members of the crew jumped to safety but several passengers were bruised. The car was wrecked.

A Harvest of Extra Values!

All over the store—on every floor—we've prepared a veritable harvest of extra values in home furnishings. With Thanksgiving just a short time away why not dress up your home for the event by adding new furniture—the kind you'll take real pride in. See these wonderful extra values. Compare quality and prices and you'll buy here.

Convenient Credit Terms

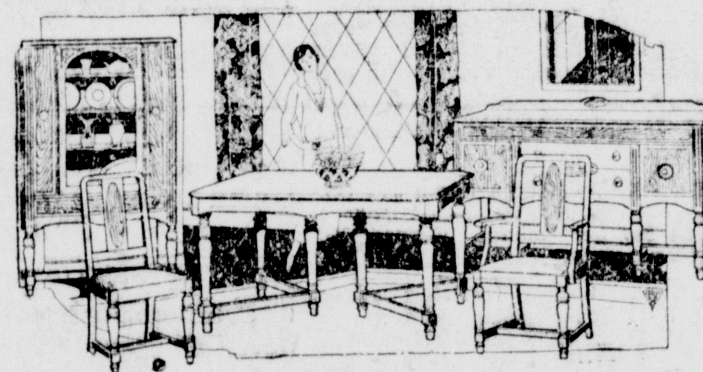

Dining Table and Six Chairs at \$62.50

This handsome dining suite follows the popular Queen Anne period design and includes a handsome round dining table and six chairs with imitation leather seats. All pieces are attractively finished in rich mahogany. It's just the kind of a suite you'll want in your home for Thanksgiving—and the price brings you a material saving.

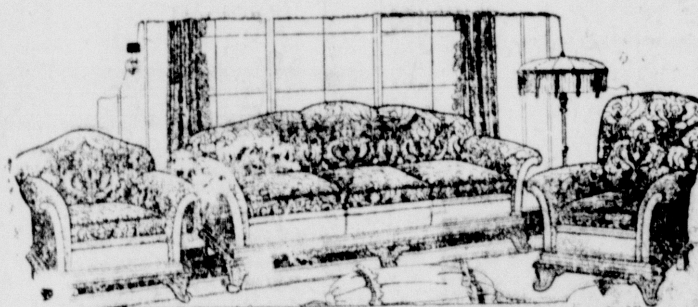

9-Piece Walnut Suite \$135.00

Quite elegance is the keynote of this splendid nine piece suite for the dining room, which is attractively finished in rich walnut. It includes a handsome oblong table, five chairs and host's chair, 60-inch buffet with full length linen drawer and a china cabinet of distinctive design.

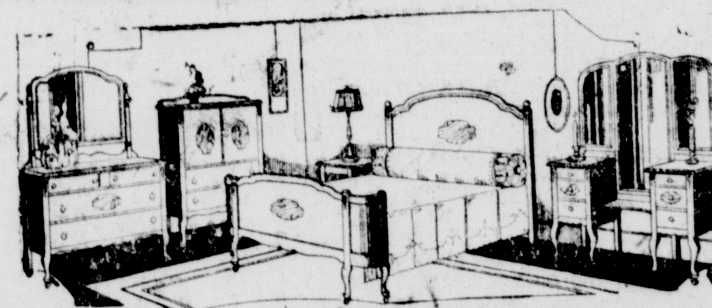

Three Pieces for the Living Room \$185.00

This is another representative value featured in our display of the better kind of suites. It includes a luxurious davenport and two comfortable arm chairs, upholstered in one of the new combination velour coverings now so much in vogue. Has loose, spring filled cushions, ray arms and coil spring construction that gives added comfort.

4-Piece Bedroom Suite \$145.00

This creation for the bedroom is fashioned in the popular Queen Anne period style and includes a fullsize bow end bed, a handsome dresser with large mirror, a full vanity triple mirrored dressing table and a chiffonette to match. All pieces are attractively finished in walnut. The price represents a material saving for you, too.

Better Furniture is a True Inspiration

Furniture with the friendly comfortable appeal is bound to inspire us to better thoughts and higher standards. That's why we've been so insistent about "quality" and "individuality" in the furniture that we purchase—so that our customers may find in it long-lived, deeper satisfaction and not merely temporary enjoyment.

DINNER SET FREE!

With Purchase of \$100.00 or Over

Do not neglect making your purchase now and receive one of the BEAUTIFUL DINNER SETS which we are now giving on your order. These sets will be given a few more days, therefore we would advise that you now make your selection.

For Real Comfort

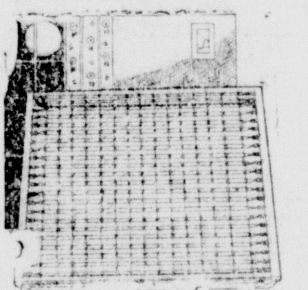

Handsome Steel Bed \$9.75

Another representative value in this great sale of beautiful things for the bedroom! This well constructed steel bed, beautifully finished, may be secured tomorrow at this low price.

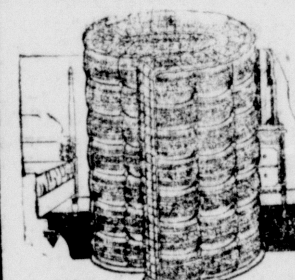

For Real Comfort! Bed Spring \$6.50

These are extra well made springs, heavily enameled in grey to prevent rusting. Exceedingly comfortable and will not sag. At this special price they're a real bargain.

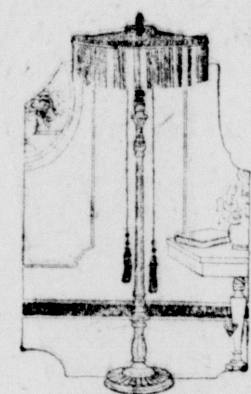

Mattress \$10.50

Here's a 50-lb. cotton felt mattress of real quality. Has roll edge and handsome art tick covering. Yours tomorrow at this special price.

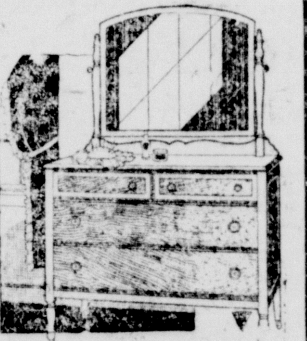

Comforters \$4.75

These heavy sateen covered comforters are the kind that guarantee warmth and long service. A real reduction, too, at this unusually low price for tomorrow.

Floor Lamps \$24.50

Just one of the super-values featured in our big showing of all that is new and beautiful in floor lamps. Polychrome base—silk shade—with silk fringe at this low price.

Dresser \$29.75

Our stock contains several of these beautifully designed dressers which represent the last word in artistic workmanship. Four drawers as pictured, and handsome mirror. They'll sell fast at this special price.

Rug Values!

Not content with having the largest variety of new designs and patterns to show you, we have priced this entire stock on a basis that makes them the greatest rug values in years.

BRINGING UP FATHER

BY GEORGE McMANUS

14 DIVORCE CASES IN COURT FRIDAY

Three criminal cases head the assignment for next week in common pleas court. Eleven other cases have been assigned to Judge Moore's court from the civil docket and 14 divorce cases.

The divorce cases listed are as follows: Two actions are brought by Bell Kegarise against Fremont Kegarise; Ruth E. Fulton vs. Brown Fulton; Salina Thomas vs. Samuel Thomas; Christ Hampe vs. Eva Hampe; Edna Peterson vs. Herman Peterson; Gladys Schmidt vs. Jacob F. Schmidt; East Liverpool; Russell J. Baughman vs. Mona Baughman; La-ceta Bute vs. Thomas Bute; Rosa Wagner vs. George Wagner; Salem; Floyd Huddleson vs. Zella Huddleson; Bertha M. Boring vs. George C. Boring; Wellsville; Edna Carter vs. Harvey Carter; Margaret Little vs. E. W. Little, Lisbon.

Judge G. A. Starn, who will hold court in court room No. 2, has been assigned 17 civil actions.

OUR READERS

Suggests a Way To the Ku Klux Klan.

You have an opportunity of a lifetime in Salem, should you be influential in rounding up the nefarious blackhand that is destroying property in our fair city.

As you are a law abiding class, ready to assist in the enforcement of law, your opportunity in Salem has presented itself. You can do no better work than to act as detectives and assist in locating the filthy foreigner that is trying to commit murder and destroying property of churches and homes.

Your activity in this matter will line up so many members for your organization that you will not be able to find a lodge room sufficiently large to accommodate your Klan.

This is just a suggestion for your consideration from

THE WAYFARING MAN.

School Bond Issue

To Goshen township voters:

You will be called on to vote at the November election for or against a \$65,000 bond issue for erection of a new high school building for Goshen township.

Would it not be a wise act for all the voters to get together and discuss this matter. Appoint a committee to investigate the condition of the building now in use at Damascus.

This is a matter of much importance to every voter of Goshen township. I feel that the people cannot vote intelligently on this matter without further investigation.

S. L. WOLFORD.

Countess Is Labor Candidate

Cora Countess of Warwick, one of England's richest peeresses and member of one of the most distinguished families in Great Britain, is a candidate for the house of commons in the Warwick and Leamington by-election, standing on a Labor platform. H. G. Wells, the novelist, is supporting her. She is said to be very radical in her views. Only recently she gave one of her finest castles to the Labor party so that Labor leaders might spend their week-ends resting up there.

LEGAL NOTICE

Elizabeth Schobesch who resides at Hockley, Transylvania, Kentucky, will take notice that on October 11, 1923, John Schobesch filed an action in the common pleas court of Columbiana county, Ohio, in cause No. 15576 praying for a divorce from defendant on the ground of wilful absence. Said defendant is required to answer on or before November 24, 1923, or judgment will be taken in accordance with the prayer of said petition.

Published in Salem News October 12, 19, 26, November 2, 9, 16, 1923.

Old Resident Given Up By Physicians

"Given up by five doctors, my only hope an operation. I rebelled on cutting me open, as I am 75 years old. A neighbor advised trying May's Wonderful Remedy for stomach trouble. I got relief right away. I had not eaten for 10 days and was as yellow as a gold piece. I could have lived only a few days but for this medicine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

An Important Hosiery Sale

For Women and Children! Also Sox for Men!

In our constant quest for better values for our customers we frequently strike some that are unusually good and we feel this sale of hose and sock, which begins tomorrow, is characterized by unusual values.

True, some are called "seconds" by the manufacturer but imperfections in every case are practically invisible.

Women's Wool, Plain and Sport Hose 69c

Women's plain black cashmere and drop stitch heather mixed Sport-Hose. An extra good quality, in fact it is the same grade as we sold last season at \$1.00. This manufacturer's lot goes on sale tomorrow at pair 69c.

Women's Novelty Sport Hose \$1.39

Women's novelty striped Wool Sport Hose in good colors, such as brown and camel's hair—also novelty drop stitch fibre Silk Hose in brown, gray and blue. They are both numbers that should sell at \$2.00 and \$2.50. This lot on sale while they last at a pair \$1.39.

Children's Rib Wool Hose 69c

Children's black and heather mixed novelty rib Cashmere hose in sizes 6 to 9½. They compare favorably with regular \$1.00 grade. This lot while it lasts your choice a pair 69c.

Ladies' Union Suits \$1.39 and \$1.49

Ladies' medium weight fleece lined Union Suits. Low neck, no sleeves, and knee length styles. Made of excellent quality bleached yarn. Regular sizes \$1.39, extra sizes \$1.49.

Children's Union Suits Special 98c

Children's fleeced union Suits, long sleeves and ankle length. A good practical garment, does away with the extra penny waist. A two in one garment. Sizes 6 to 12 years. Special 98c.

Men's Union Suits Special \$2.95

Men's fine weight worsted Union Suits, extra quality, mixed grey color, exceptionally well made, with welded seams, both regular and slants. Sizes 36 to 46. Special at \$2.95.

Men's Underwear \$1.85

Men's extra heavy ribbed wool mixed Shirts and Drawers, natural color. A quality that gives excellent service. All sizes, regulars and slants. Buy your winter's supply at this low price. \$1.85 garment.

Bed Blankets Special \$1.39

Extra heavy fleeced Blankets, solid colors with white and dark striped borders, single bed size. Supply your needs at this low price. Special \$1.39.

Plaid Blankets Special \$3.39

Soft fleecy twin plaid Blankets that will keep you snug and warm. Made like a wool blanket, and has the appearance of wool at less than half the price. Size 68x90. Choice of pink or blue. Special \$3.39.

Children's Golf Stockings 69c

Splendid number in children's ribbed Wool Golf Stockings, three-quarter lengths with fancy toes. A regular \$1.00 grade. This lot special at pair 69c.

Men's Sox 49c

Men's drop stitch novelty leather mixed Sox. This number usually sells at 75c. This lot per pair 49c.

Men's Silk Mixed Sox 89c

Men's novelty striped Silk and Wool Sox in gray and heather mixtures. A quality that usually brings \$1.25. This lot on sale while it lasts pair 89c.

Men's Sox \$1.00

Men's half fashioned Silk and Wool Sox, black, brown and navy. They are called seconds, but imperfections, if any, are invisible. \$1.50 grade, per pair \$1.00.

Women no longer feel it necessary to wear flimsy silk night gowns when the thermometer drops to the zero point. The new Flannellette Night Gowns are made very attractive and they are delighted with them.

Ladies' Gowns \$1.50 to \$2.25

Flannellette Night Gowns with long sleeves, both white and colors trim and good looking. Both low neck and short, sleeves and low neck and long sleeves. Regular and oversizes. Priced at \$1.50 to \$2.25.

Men's Night Shirts \$1.29 to \$1.69

Men's Flannellette Night Shirts, made of an excellent quality of outing flannel. Well made and good generous sizes. Sizes 15 to 20. Values that you will appreciate.

Ladies' Pajamas \$2.25 to \$3.50

Ladies' Flannellette Pajamas, snug and warm, good for winter. Many new attractive ribbon trimmed styles and many novel color combinations. All sizes. Priced at \$2.25 to \$3.50.

Ladies' Knit Skirts \$1.00 to \$2.25

Ladies' Cotton and Wool Knit Skirts, knee length styles. Colors grey, tan, blue and brown with contrasting borders. Excellent for the chilly blasts of winter. Priced at \$1.00 to \$2.25.

Crettonnes Special 17c Yard

Excellent quality of 36-inch Crettonnes, light and dark patterns. Fine for making comforters and bedspread draperies. Values that sell regularly up to 25c yard. Special 17c yard.

Cotton Batts 2 for \$1.45

Blanched Cotton Batts, full comfort size 72x90, and a nice white fluffy cotton that opens out in a single sheet. A value that any lady who makes comforters will appreciate. Regular 95c value. Extra special 2 for \$1.45.

CITY BRIEFS

To Hold Box Social

Salem council No. 591, U. C. T. of A., and its Woman's club will hold their regular meetings Saturday evening at the hall, Main st.

These sessions will be followed by a box social for the members of the council and club and their invited friends.

Benefit Church Supper

The Second Baptist church will give a benefit chicken supper Saturday evening at the church, West High st. Those in charge will begin to serve it at 5 o'clock.

K. K. K. To Meet

There will be a special meeting of the Knights of the Ku Klux Klan at their headquarters at 7:30 p. m. Monday.

NINE ODD FELLOWS ESTABLISH RECORD

Membership Of Faithful Odd Fellows Totals 493 Years.

Amity lodge No. 124, I. O. O. F., has a record that few lodges can boast of. It has nine members whose years of membership total 493, making an average of 55 years in the lodge's service.

This information with other interesting facts is being compiled especially for the celebration of the 75th anniversary of the lodge, which will be observed Dec. 28. Already plans are under way for the celebration.

A group of members from this lodge is planning to go to the home of Howard Miller, Ellsworth rd., Saturday afternoon, to hush-corn for him. Mr. Miller has been ill for some months.

KLAN CANDIDATE IN WARREN RACE

Warren, Oct. 26.—Although the Ku Klux Klan has injected itself into politics here for the first time, the most striking feature of the campaign is the fact that the present mayor, John D. McBride, is running for his third term where regular Democratic votes are scarce.

McBride is the only Democratic office holder in the municipality with the exception of Councilman Henry Coo of the Fifth ward.

While it is true that the Republican candidate for mayor, J. H. Marshall was given more votes in the primaries than the total usually cast in the November election, such a fact does not mean that McBride's defeat is a foregone conclusion as he has twice been elected under similar circumstances.

Marshall has the undoubted and advertised support of the Klan in the coming election.

DAMASCUS

Miss Alice Winder left Thursday for Cardington where she has been called to care for a patient.

Mr. and Mrs. R. L. Druhot left Friday for Delaware where they will visit her parents, Mr. and Mrs. McElroy.

Invitations have been issued for the annual I. O. O. F. homecoming to be held at the I. O. O. F. hall, Nov. 1, for members and families.

Miss Lydia Cope spent Friday in Lima, the guest of Mrs. J. H. Carter.

SPECIAL MEETING

PERRY LODGE NO. 185, F. & A. M., TONIGHT AT 7:30. WORK IN M. M. DEGREE. A. A. JUSTICE, W. M. W. G. ALDOME, SECY.

FIGHTING QUAKER ABOUT TO RESIGN

GEN. SMEDLEY D. BUTLER OF THE MARINE CORPS WILL ENTER BUSINESS

WORTHY OF SPECIAL NOTICE

This Gallant Officer is the Only Living Man in That Branch of the Service Who Has Two Congressional Medals of Honor.

By EDWARD B. CLARK

Washington—Brig. Gen. Smedley D. Butler, "the fighting Quaker," is to resign from the Marine Corps to enter business. He has just led the Marine brigade in battle, down Pennsylvania avenue in peaceful procession on his last parade in uniform, unless the call comes again, when naturally this sailor-soldier will answer it.

Possibly some persons may ask why Smedley D. Butler, marine, should be singled out for special notice because he is leaving the service, as many other officers have left it, to enter on a business career. The answer is easy enough. General Butler is the only living man in the United States sea service who has two congressional medals of honor for conspicuous personal gallantry in battle, medals given for the performance of acts over and above the call of duty, and which entitle him to perform could not have been brought upon his head even the slightest suggestion of criticism. He took the one chance in a million twice and each time, by the fractional part of a hair's breadth, came through with his life.

During the World War Quakers were exempt from military service because of that provision in their creed which directs that they shall in effect turn the other cheek. Butler apparently however, thought that, with his country in danger, his duty was above any—yes, let us say it—quibble of conscience.

Marines Will Miss Him.

Smedley D. Butler is a Pennsylvania man. He graduated from a school under Quaker direction and in his identification papers in the War Department his religious faith is given as that of a Quaker. The marines will miss him. It is a goodly fellowship of heroes, of fears and enlisted men, which he is to leave behind him in the service.

It is said that the Marine corps has suffered less from the diminishing processes since the war than any other branch of the service. It is not as large a corps by any manner of means as it has been, but it is still fairly strong in numbers and entirely strong in spirit.

Of course, when one reads of the Marine corps, he thinks coincidentally perhaps of Belleau wood, which the marines and two army infantry regiments took from the Germans after a week of hand-to-hand fighting. Belleau wood, however, is only one of scores of battlefields named "written" into the record of Uncle Sam's Marine corps.

Major Gen. John A. Lejeune is the commanding officer of the marines. He has hero decorations in numbers. In a way the commissioned personnel of the Marine corps has been known as a religious personnel. Many of the officers of the corps are fighters and prayers is one. Perhaps the conduct of these men on the battlefield has shown what some people hold, that the more religious a man is the better fighter he is.

Lejeune a Church Member.

Major General Lejeune was in charge of the great layman parade which took part in the services connected with the consecration of the new Episcopal bishop of Washington Dr. James E. Freeman. This ranking officer of the Marine corps is a member of Epiphany church in this city. He is a leader in the young men's societies and he works as hard for his church as he does for the marines.

It is true, perhaps, as a great many people have said, that the Marine corps is given more consideration by the people than any other branch of the service. Now, this does not mean at all that the Marine corps does its duty any better than the other branches of Uncle Sam's armed forces, but it means simply that, because of the nature of the corps, it usually has been given the opportunity to serve first in almost any trouble in which the United States has been engaged in foreign lands. Ships carry the marines and they are the first landing forces to be employed in case of trouble. The opportunity is given them to be first. If it were given to the infantrymen of the army they doubtless would do the work just as well, and so would any other branch of the service.

The Marines have fought in China, in the Philippines, in Panama, in Central America, in Mexico, in Europe and in a good many isles of the seas. More than this, however, they have been not only first in the fight, but they have been first in almost every case to carry relief where relief was necessary. The United States marines were first in the work of aiding the stricken ones at Yokohama.

Tomato's Hidden Treasure.

Mrs. Peat, of Old Cornforth, a Durham village, was cutting tomatoes which she had bought, when the knife struck something hard. On examination she found a gold sovereign embedded in the fruit. The coin was slightly discolored by the juice, but otherwise in perfect condition.—London Tit Bits.

Try This For Liver and Bowels

Brew It At Home Yourself. Save Money and Feel Better Right Away

If you want a splendid, economical remedy for constipation, sick headache, dizziness and torpid liver, get a 30-cent package of Dr. Carter's K. and B. Tea today and drink a cup of your own brewing whenever you need it.

This old reliable vegetable remedy has stood the test of time and is now more popular than ever. Keep a package in the house all the time and brew a cupful when you feel out of sorts, feverish or bilious. It always helps—promptly—and being mild and gentle, is just as good for children as for grownups. All Drug-gists.

COLUMBIANA

The Enterprise Manufacturing company will entertain about 100 men coming from a radius of 100 miles. The Enterprise company has just completed a new modern saw mill machinery and has invited these men, former customers and experienced men in this line of business, to be present at a meeting when the new machinery will be demonstrated. As the guests of the company they will be entertained at dinner to be served by the women of the Presbyterian church at the church dining room Saturday.

Hallowe'en Social
The Kings Daughters held a very interesting Hallowe'en social Monday evening at the home of Mae Gosser. The party was a masquerade, there being many unique costumes worn. Games and music featured the gathering.

Surprise Party
The Ladies' Circle of the G. A. R. held a surprise Hallowe'en party at the home of Mrs. Christina Hisey Pittsburg st. Thirty-seven veterans of the Civil war and their ladies were present.

Circle Is Inspected
Inspection of the Ladies' Circle of the G. A. R. was held at their hall Tuesday evening. Department president, Mrs. Wells of Cleveland, and Department Inspector Mrs. Sheritt of Dayton, were present. During the day in Columbiana they were entertained by Mrs. Amelia Foster, president of the circle. A social hour followed which was much enjoyed. Mr. and Mrs. Dr. Sauchin of Rogers were the out of town guests.

Mr. and Mrs. L. A. Sittler and family, of Alliance, Mrs. C. W. Fatta and son James, Canton, Mr. and Mrs. J. B. Sittler and family spent Sunday from a week's visit with her aunt in Pittsburg.

Mrs. R. J. Esterly and daughter Ellen returned from a two week's visit with her sister Mrs. L. L. Long and Miss Helen McGrath in Columbus.

OUTLOOK BRIGHT FOR BUSINESS IS OPINION OF GARY

New York, Oct. 26. — Hearty endorsement of the policies and record of President Coolidge was voiced today by Judge Elbert H. Gary, president of the American Iron & Steel Institute, in his first address since the new chief executive took office. He urged the steel industry to adopt as its principle proper consideration, fairness, honesty and liberality, so that it may win the good will of the general public. Such steel business safe from attacks of a policy, he said, would make the "unprincipled man or demagogue" and "will pay in dollars and cents." The speech, made at a meeting of the Iron & Steel Institute at the Hotel

Commodore, was full of optimism for the business future.

"If the business men will do their part and co-operate with the president and his assistants in conducting their affairs in conformity with the high ideals which we believe actuate the president in the performance of his duties as the chief executive, there is no reason to fear there will be a serious financial or commercial disturbance or depression during the next few months," Judge Gary said. "There are, as always, some hindrances to the natural progress and prosperity in the United States. Those inherent to everyone are the turbulent conditions in other countries, the unreasonably high and burdensome taxes, national and municipal; the high costs of production; in some lines unconscionable; and the high costs of living, measurably although not altogether, brought about by those who complain the most.

"But there are many reasons for confidence in the economic future in this country, outside of those which are basic and permanent, including our enormous wealth and immense

yearly income, which increases as the years go by.

"It may be stated with confidence that the outlook is good."

Cleveland—A baby girl, named Cornelia, weighing one pound and 13 ounces when born three weeks ago,

has gained six ounces. A larger and more healthy twin sister died at the end of the first week. Cornelia giving hospital attendants the surprise of their lives.

Who ling—While snow fell in Tiltonville, O., and Wheeling, W. Va.,

this week, a marked contrast was brought to notice with the blooming of an apple tree in Kirkwood Heights, in that section.

Another trouble about dandelions is that you can't burn them in the furnace.

COOLIDGE FACES DIFFICULT TASK

SUCCESSOR TO COLONEL HARVEY
AS AMBASSADOR TO GREAT
BRITAIN TO BE NAMED.

MUST BE RICH AND BRAINY

No Poor Man Can Afford to Accept
High Diplomatic Post Abroad for the
United States—Good List of Possi-
bilities.

By EDWARD B. CLARK

Washington.—It soon will be the task of President Coolidge to name a new ambassador to Great Britain, for it is announced that Col. George Harvey, the present ambassador, will return to this country next month on a leave of absence and that his resignation from office is to become effective about a month thereafter.

The word "task" in connection with the President's duty in naming a new ambassador to the Court of St. James is used advisedly. It is not, of course, so much of a task to perform the act of appointment, but it is as much of a task to find a man who has money enough of his own to support the post and yet has brain enough to fill its obligations. "None but the rich need apply" is still written above the door leading to the embassies of the United States in foreign countries.

Ever since the days of Benjamin Franklin the problem of proper ambassadorial appointments, or, as it was in the old days, ministerial appointments, has confronted presidents of the United States. A man with brains but with no money, except that which is paid to him in salary form, cannot accept a high post abroad in the service of Uncle Sam. Of course it ought not to be so. The American who goes abroad in a diplomatic capacity is compelled to do those things which will make him grateful officially, personally and socially to the people among whom he is to labor. He is compelled to entertain, not on his own account so much, but because it is expected that the representative of a great government will do things as foreigners think they ought to be done. "In Rome do as the Romans do" just about expresses the situation.

Living in London Is Costly.

It is understood that Colonel Harvey is to return from London because of the necessity of "giving more attention to his private business affairs, and owing to a realization of the high cost of ambassadorial living in London."

In the letters of the late Walter Hines Page, who was the ambassador to Great Britain during the war, there is found something more than a hint that the cost of living in London in the way that an ambassador had to live was a heavy drain on the resources of even so rich a man as Mr. Page. He called attention to the matter, not so much on his own account, but with the hope that something might be done to make easier the financial lot of subsequent ambassadors and to make it possible to pick men qualified for the post, but yet who are not heavily endowed with this world's goods. It has been said that at times it costs an American ambassador \$100,000 a year to live in London.

In the list of names presented to the circles of gossip in Washington there are those of men any one of whom may be chosen to succeed Colonel Harvey. The list is as follows: John Hays Hammond, chairman of the federal coal commission; James M. Beck, solicitor general; Frank A. Munsey; Paul D. Cravath; Henry P. Fletcher, now ambassador to Belgium; Charles B. Warren, former ambassador to Japan, and Ellhu Root.

Beck Would Please the British.

One or two of the men whose names are in this list probably could not think of accepting the appointment if it were offered them. It might be invidious to say who they are, because perhaps some men would not like to have their worldly holdings put into print for comparative purposes.

Most of those whose names have been mentioned, however, are rich men and could support the place in London, and do it without feeling any great drain on their pocket books. The British government knows all about John Hays Hammond. He was interested in South Africa for a long time and his name was familiar to the British government in connection with activities in that country about the time of the Boer war.

It is probable that James M. Beck, now the solicitor general of the United States, would be a man who, as American ambassador, would be peculiarly grateful to the British. It was Mr. Beck who, in the year 1915, wrote a masterful book called "The Evidence in the Case," a book written as one handing down from the supreme court of civilization a decision in the case of "The Allies versus the Central Powers." Mr. Beck, as a lawyer, fixed the guilt of starting the war on the countries which later became the countries at war with the United States.

The Reason for Going.

"I understand there's a big convention in town."

"Yes. There must be 3,000 visitors here."

"Let's go to their exhibit."

"But you're not particularly interested in machinery, are you?"

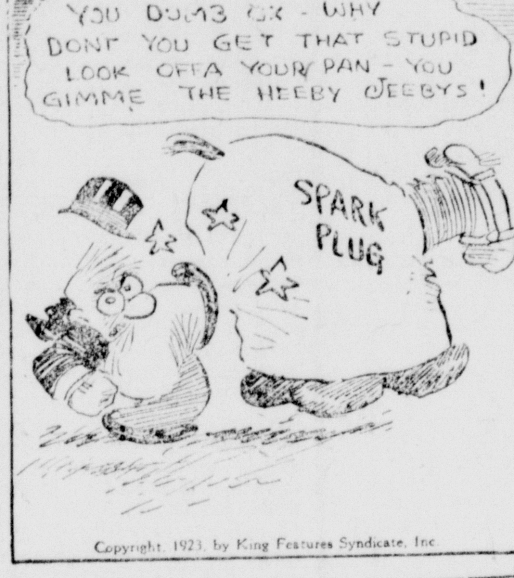

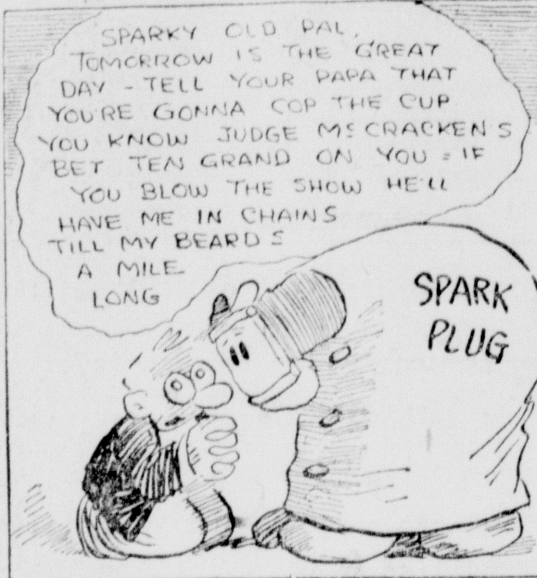

"Not at all. But I understand they're giving away a lot of lovely souvenirs."

SWALLOWED TOYS ARE MEDIC'S MEAT

Physician Retrieves Over
1,200 Objects From
Kiddies' Throats.

Philadelphia, Oct. 25.—Removing the various objects which infants elect to jam down their throats from time to time is becoming a specialty with Dr. Chevalier Jackson, of the

Jefferson hospital here, to whom numerous cases have been brought from all over the country. Many a time the tiny victims have raced against death, winning only by a few seconds it required to place them on the operating table.

Recently a safety pin was removed from the throat of a baby rushed from Concord, N. C. But Dr. Jackson's greatest achievement occurred the other day when nine-year-old Anna Melhoy, of Ashland, Pa., was brought in with a toy goat or metal firmly lodged in her throat.

The time required did not even necessitate Anna's admission as a patient to the hospital, Dr. Jackson simply took a bronchoscope, an illuminated tube of his own invention,

and with it located the stubborn goat. Forceps were then used inside the tube and the refractory toy taken out without an anesthetic being administered.

According to the hospital records, Dr. Jackson has removed more than 1,200 objects from children, including pins, nails, buttons and even whistles.

RADIO

(Edited by G. Douglas Wardrop, Editor of Radio Merchandising.)

By C. H. WARD

Articles to help the beginner in radio are appearing in countless numbers in the radio publications, newspapers and elsewhere, and rightly so, for the number of newcomers in the art is legion. There are also discussions of the niceties, theories of operation, and more or less complicated and unique layouts of apparatus for the advanced amateur—the fellow who has the inclination, time and apparatus to go into the theory of radio for its own sake and to help in the development of the art. Personally I feel that I belong to neither class and have often heard the same comment from other amateurs.

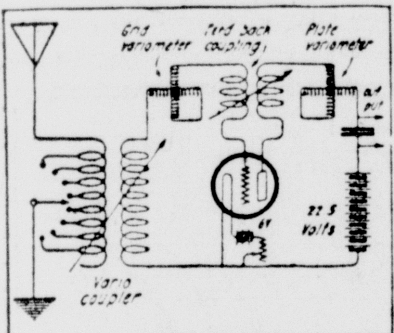

The Experienced Amateur.

Let me speak for these other fellows when I say that we understand the principles involved in a practical way, that we usually want to have a hand in the construction and installation of our apparatus and that we have the habit of changing our apparatus and circuits for better or for worse—sometimes to the intense displeasure of our listening family and friends. Foremost in our minds, though, are good results—we find it necessary to know the theory of radio, but we are more interested in the doing than in the knowing.

If our radio experience began before the war, its history is probably about as follows, up to the introduction of phone broadcasting:

Loose coupler and crystal, Loose coupler and audion, A "tickler hook-up" using the old coupler or honeycomb coils.

Finally the climax is a "short wave set." The latter seems like an indefinite term, but to the amateurs of a

This Regenerative Hook-up Is Very Efficient and Is Particularly Useful for the Longer Wave Lengths.

short time ago it could only mean one thing—a regenerative set consisting of three tuned circuits using a variocoupler and two variometers.

When Broadcasting Was Young.

If we were to carry our history a little way into the future, it would probably have something to do with a radio frequency amplifying system, and a loop aerial. However, most of us still look on that short wave set with awe, for we remember those dots and dashes from low-power, far distant stations that other "radio bugs" could only hear in their imaginations. And when broadcasting started, there were nights when it seemed that the program was in the same room and the sound details of the announcer's voice were almost uncanny. One could hear him draw his breath and make the other little noises incident to speech that remind us of the wonderful reproductions of Harry Lauder's voice on the phonograph. But unfortunately there were nights when programs did not measure up in tone quality to even the cheapest phonograph—especially when our friends dropped in to listen for an evening. Yes, there have been nights when even the sound of a voice of any kind would have been welcome to our ears, and others when signals started to swing and our nerves were so shattered trying to keep in tune that we swung up and copied Navy press just to be sure of something. To make matters more embarrassing, possibly, we stopped in to hear the neighbor's set—one of the new broadcasting receivers—an immaculate little thing with two knobs to play with and possibly a set of dry cells to light its filament, and behold, we heard the whole concert through. Of course, the tone quality isn't in the same class as that from our three-circuit set when it decides to perform, but still we have to hand it to our neighbor for he always gets something and sometimes we get nothing.

Personal Experiences.

From here on I must stick to personal experiences. Possibly they will be repetitions of other fellows' experiences, but they may help others to get the results I am getting now—good results. When I saw my neighbor's set and others like it, I at first decided that the refinements introduced in large scale manufacture of receiving sets for concert reception made possible a set that could not be duplicated by the home workshop except by chance, and we should all remember that this is true, no matter how good our results may be. Later, however, when I found the boys turning out one and two circuit sets that performed almost as well as manufactured ones, and some of them very crude in construction, it seemed to me to be up to me to junk the old short wave set and build something new.

While planning the new set it occurred to me that all such sets differed from the conventional three-circuit tuner in having a direct inductive coupling between the plate and grid circuits. In other respects they varied widely and it was difficult to select the

best arrangement. I never did decide which one to build but instead of simplifying my circuit, I complicated it.

It is hardly necessary to state that tone quality, selectivity and relief from static are attained to a greater degree with three-tuned circuits than with the simpler arrangements, and the addition of means for coupling the grid and plate circuits provides stability and ease in tuning which are sometimes difficult to obtain in the conventional three-circuit tuner. Of course considerably more time is consumed in tuning the three-circuit set when first put in operation, but this has never been a serious matter if results could later be duplicated using the same adjustment for the same stations. This has been found possible with the set stabilized by direct feedback coupling, while in the ordinary three-circuit tuner adjustments for good phone reception vary daily.

Early Methods.

The first means of coupling which was devised consisted in splitting up the plate variometer stator winding into two halves. One half was left in the plate circuit and the other connected in series with the secondary of the variocoupler and grid variometer. The operation of the set connected in this way proved that the coupling provided was a decided stabilizer—or, in other words, that the idea was good. Stations were tuned in with practically the same adjustments day after day; the set remained in operation without further adjustment for as long as desired, and the tone quality was equal to the best results obtained with the usual connections.

Two of the broadcasting stations regularly heard, however, and many familiar amateur C.W. stations could not be heard. These stations were all brought back by changing to the arrangement shown in the accompanying diagram, where a separate coupler is used for grid-plate coupling and the plate variometer left intact. The coupler used was made up on the common variocoupler forms with 30 turns of No. 22 cotton-covered wire on both stator and rotor. The stator is in the grid circuit and the rotor in series with the plate variometer. I consider the resulting set the last word in regenerative receivers, barring the refinements in design and manufacture that could well be introduced, and I believe others will find it so until they are able to bid Old Man Static farewell with a loop and R. F. amplifiers.

The coupler used in this set is 3½ inches in diameter and the stator is four inches long, but it is obvious that slight changes in dimensions and winding will not affect the results obtained, as both circuits concerned are separately tuned.

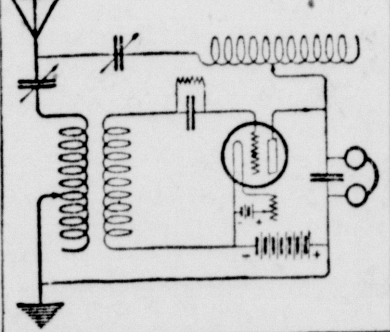

(© Radio News.)

Shunting Waves of Bothersome Neighbor

The owner of a receiving set was bothered by a neighbor who broadcast on 20 meters, but owing to close proximity, would overlap 300 meter waves. A solution of the matter was worked out, as shown on diagram.

The principle is to shunt him out. Take for example a 300 meter broadcast. Everything is going along beautifully, when buzz-buzz, etc. comes in to spoil it all. He is sending on a 20 meter wave length, but, due to close proximity, he overlaps the length.

This is overcome by tapping off from the antenna to a single circuit tuner consisting of a variable con-

Auxiliary Tuner Shunts Interference.

denser and tapped inductance coil in series. This is run to the plate side of the phone condenser. From the other side of the fixed receiver condenser you run to ground.

When this auxiliary tuner is tuned to his wave length, the vibrations he is sending will travel over the shunt circuit to the ground, and as they are not audibly transformed in the detector bulb you will not hear them.

Under certain conditions and with proper auxiliary tuner, static can be eliminated.

Reflex Amplifier.

A "reflex amplifier" using three tubes, a crystal detector and associated apparatus, may be so connected as to provide three stages of radio frequency amplification, detection and two stages of audio frequency amplification. The tubes thus operate both as radio and audio frequency amplifiers but it is not advisable to attempt the use of more than two stages of audio frequency amplification, due to the fact that the highly magnified audio frequency signal prevents the tube from operating efficiently as radio frequency amplifiers.

Attributes Finest Year Of His Life To Health Tanlac Gave Him.

Harry S. Fairman, proprietor of the Ideal Art Co., 2183 East 19th st., Cleveland, Ohio, says: "1923 has been one of the best years of my life, and I attribute the fact to the unusual health, strength and energy I have enjoyed since taking Tanlac."

"Indigestion, nervousness, lack of appetite and loss of sleep had me feeling all played out. Since taking Tanlac I am in first class working trim and feel like a brand new man."

Tanlac is for sale by all good druggists. Accept no substitute. Over \$7 million bottles sold.

Take Tanlac Vegetable Pills. Newspaper Reading in School Urged By State Director

Columbus, Oct. 26.—The reading of newspapers in schools is recommended by Vernon M. Kiegel, state superintendent of education, in a statement issued to teachers today. Not only is the practice recommended for pupils but for teachers as well. "One of the most important extracurriculum agencies," is the characterization placed on newspapers by Kiegel.

Kiegel commented on the comparatively small amount of space given matters of a sensational nature and said: "There is to be found in most current publications material that will contribute to the moral, physical, intellectual and spiritual welfare of its readers."

"Citizenship training will not be thoroughly handled if the newspaper is left out of account," he said.

Pittsburg—Marie Lester, employed in the home of C. J. Carolan, was leaving the house when she discovered the house was on fire. She awakened her employer who in turn roused his 19-year-old daughter and took her to a place of safety. The Lester girl turned in the alarm and with buckets of water she controlled the blaze.

HEAL SKIN DISEASES.

Apply Zemo, Clean, Penetrating, Antiseptic Liquid

It is unnecessary for you to suffer with Eczema, Blotches, Ringworm, Rashes and similar skin troubles. Zemo obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases. Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. Get it today and save all further distress. Zemo Soap 25c—Zemo Ointment, 50c.

MULLINS PRESENT FORMIDABLE TEAM FOR GRAYS GAME

Announce Lineups Of Both Teams Who Appear Here Saturday.

The Mullins A. C. eleven will meet a team Saturday that has been beaten but once this year, and that time by a 7 to 6 score.

The East Liverpool Grays who will furnish the opposition at Reilly field at 3 p. m. tomorrow, are one of the foremost teams of the Ohio valley, and a hard game is in prospect for the Mullins gridders.

Each year East Liverpool has one of the strongest teams in Eastern Ohio. And each year the Grays are the team. Always boosted by the city, the Grays team has established quite a reputation.

Mullins will show their wares for the first time to a local audience of pigskin fans. And that first appearance, say the managers will be an auspicious one.

Aside from the mud that now carpets Reilly field everything is in readiness for the game. With clearing skies and wind the field will dry off in a short time.

The Mullins squad held a final signal drill Friday afternoon far from the prying eyes of spectators and promise to uncover some fine plays.

The probable lineups of the two teams are as follows:

Mullins—Bowers, left end; Pines, left tackle; Smith, left guard; Schuler, center; Porterfield, right guard; Hannay, right tackle; K. Walker, right end; Hassey, quarter; Calvin, left half; Davis, right half; Snyder, full back.

Grays—Golden, left end; Steine, left tackle; Danko, left guard; Doty, center; Dill, right guard; Gerace, right tackle; Hunselman, right end; Plant, quarter; Reagle, left half; Finley, right half; A. Walker, full back.

SALEM HIGH SET FOR HARD BATTLE

Team Will Leave Early Saturday In Special Car; Rooters Going.

Salem High will leave for East Liverpool Saturday morning in a special car over the Y. & O. railroad. Literally, all Salem High will go, but only the team will be in the special car. Rooters by the hundreds will go in regular interurbans, in autos and other ways.

Although the Red and Black lineup will not be quite as formidable as last week, nevertheless it will be a worthy one, and a hard one to beat.

A Liverpool player was hurt in the Struthers game last week and is not expected to live. Should the player die the game will be postponed.

Much interest is manifested in the game, not only at Salem High, but on downtown streets it is not infrequently a topic of discussion.

A crucial point in Salem High's schedule, this game will have to be won, and Coach Richtman's men know it. They will be there to win, if practice this week is any indication of the way they will fight tomorrow.

The lineups are:
Salem—Lodge, Konert, left end; Yengling, left tackle; Gaunt, left guard; Simmonds, center; Stallsmith, right guard; Corso, right tackle; Judge, right end; Bova (C), quarter; Spiker, left half; Cosgrove, right half; Houser, full back.

Liverpool—Reese, left end; Bennett, left tackle; Coleman, left guard; McLaughlin, center; Porty, right guard; McBane (C) right tackle; Lieb-schner, right end; McConville, quarter; McVey, left half; English, right half; Todd, full back.

WHEN KIDNEYS HURT DRINK MORE WATER

The American men and women must guard constantly against kidney trouble because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad—begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate clogged kidneys, to neutralize the acids in the system so they no longer are a source of irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive; can not injure, makes a delightful effervescent lithia-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time. By all means have your physician examine your kidneys at least twice a year.

BIG THREE TEAMS FACE DEFEATS SAY EASTERN CRITICS

Believe Harvard, Princeton Will Fall While Yale May Survive.

New York, Oct. 26. — One of the lurking possibilities of the impending week end schedule is the defeat of Harvard, Yale and Princeton on one and the same afternoon. Possible, but not probable best describes this premise, which is only another way of saying "dictated but not read."

Yet the possibility is there, and as such, will give the Big Three no easy moment until the music of the final whistle floats over Saturday's twilight.

Harvard is to play Dartmouth, and according to the wise men of the east, the Green is about due after many years of failure.

Dartmouth May Win
Dartmouth is said to have its best team since the war. In spite of the untimely loss of Calder, Harvard its worst. The latter has just snapped off a six to six tie with Middlebury and sir to nothing score with Holy Cross. It has a good line and a punless backfield. Dartmouth may win.

Of the three, defeat is least unlikely to visit Yale, regardless of the fact that Brown is usually disposed to step along to top form for the New Haven engagement. However, a capable football man who had seen all of the Big Three in action is authority for the statement that Yale was two touchdowns better than Harvard and Princeton last Saturday.

The loss of O'Hearn will hurt but Ted Jones has more backs than a camel. Brown will have to be a better team than it appears to be at first blush to best Yale. Yet the possibility larks and the Yale coaches are worried.

Expect Navy Triumph
As for Princeton, a defeat by the Navy at Baltimore would prompt no elevation of eyebrows in the best informed circles. The Tiger finds itself in an embarrassing position. It has taken on one of the most tedious schedules of the year with what appears to be a mediocre outfit. Had it not been for its superiority in punting, Princeton might very well have lost to Notre Dame by as many as six or seven touchdowns. It is hardly a representative Roper eleven.

The Navy suffered a defeat simultaneously, Penn State winning 21 to 3. The score, however does not tell the story nor the opening chapter thereof. The Navy outgained State from scrimmage by many yards, all three of the winners touchdowns resulting from long runs by Harry Wilson.

The Middies, it would therefore appear, form a stronger outfit than Princeton does. As a matter of fact, quite a few teams in the east undoubtedly are a step or so beyond the Big Three just at this time.

The agreement, whereby Harvard, Yale and Princeton pledged themselves not to begin training until Sept. 15, is part of the answer at least. The big three are just a bit undercooked, so to speak, in the matter of development.

COURT UPHOLDS SUSPENSION OF OKLAHOMA CHIEF

Oklahoma City, Okla., Oct. 26. —

Lieut. Gov. M. E. Trapp was declared acting governor of Oklahoma in a decision of the state supreme court late Thursday, making permanent a writ of prohibition against Gov. J. C. Walton and District Judge Tom G. Chambers, Sr., which restrains them from interfering with the lieutenant governor's assumption of the office.

The court announced its decision orally after a brief conference following an afternoon of arguments. The decision, it was explained, made the writ effective against J. C. Walton as an individual and not as governor. Judge Chambers was enjoined in his official capacity as judge. The vote of the court was 5 to 4.

The decision sustains a resolution adopted by the state senate suspending Gov. Walton during his impeachment trial, and nullifies an injunction obtained by the governor in Judge Chambers' court which would have prevented the lieutenant governor from becoming acting governor.

Notified of the court's action, Gov. Walton declared that he intended to "continue the fight." He declined to indicate his future course stating that whatever he does is "up to my attorneys." He refused to issue a formal statement.

The end of the hearing came suddenly while counsel for the governor still were presenting his argument.

Interrupting the speaker, Chief Jus-

Joint-Ease For Stiff, Swollen Joints

Rheumatic or Otherwise Says: "When Joint-Ease Gets in—Joint Agony Gets Out"

It was a high-class pharmacist who saw prescription after prescription successfully on many obstinate cases, to get rid of rheumatic swellings and stiff inflamed joints.

And it was this same man who asserted that a remedy could and would be compounded that would make creaky, swollen, tormented joints work with just as much smoothness as they ever did.

Now this prescription, rightly named Joint-Ease, after being tested successfully on many obstinate cases, is offered through progressive pharmacies to the millions of people who suffer from ailing joints that need limbering up.

Swollen, twingy, inflamed, stiff, pain-tormented joints are usually caused by rheumatism, but whatever the cause Joint-Ease soaks right in, through skin and flesh and gets right to and corrects the trouble at its source.

Remember Joint-Ease is for ailments of the joints, whether in ankle, knee, hip, elbow shoulder spine or finger and when you rub it on, you may expect speedy and gratifying results.

It is now on sale at The J. H. Lease Drug Co., F. J. F. drug store, Bolger & French, and druggists everywhere for 60 cents a tube.

McNeil arose and with a wave of his hand announced that the court had heard enough. After a short conference the court made known the decision.

Wellsville—Although he is 80 years of age, Rev. A. J. Armstrong has accepted a call to Unionport First Christian church, of which he was past 30 years ago.

Sore Throat, Chest Colds and Coughs Conquered Over Night

Just Rub On A Little Mustarine and Away Goes Backache, Headache Pleurisy and Neuralgia

The minute you rub on MUSTARINE for any pain, ache or soreness you will know that all the misery and agony has started to go. It is very penetrating and won't blister.

Any druggist anywhere will recommend it; praise it; guarantee it. He will tell you that it is better than any liniment, poultice, hot water bottle or ointment.

A 30 cent box of this wonderful discovery will do the work of 50 mustard plasters. In two minutes Earache, Headache, Toothache and Neuralgia vanish.

Tonsillitis, Bronchitis, Pleurisy and deep-seated Coughs go over night. Rheumatic sufferers joyfully praise it for the way it speedily stops the agony and reduces the swollen joints.

After all other remedies have failed thousands have overcome the misery caused by Sore, Burning Feet, Corns, Bunions and Callouses. Ask for MUSTARINE, 30 cents in yellow box.

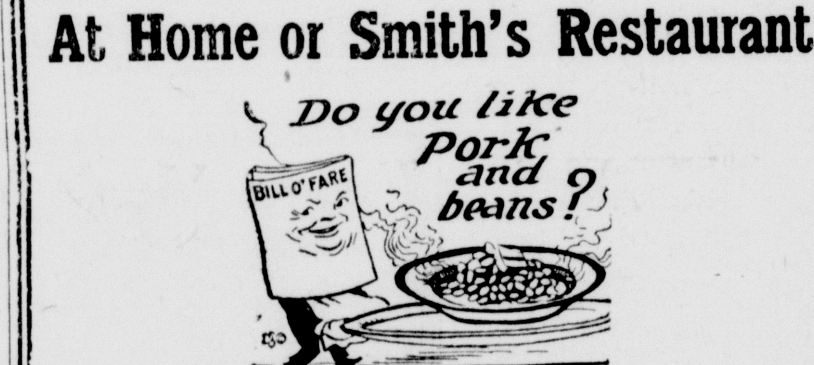

This practically new five-room bungalow located just outside the city limits on the south side of town; electricity; large lot 43x120 feet, extra lot adjoining with barn. Price including extra lot \$2,500. Terms can be arranged. Possession Nov. 1.

THIS IS A STUDEBAKER YEAR

FORD WILL BUILD 30,000 HOUSES; TO OFFER LOW PRICES

Detroit, Oct. 26.—Henry Ford is going to erect a city of 30,000 cement and wood houses on 5,000 acres south of his tractor plant in Dearborn. He made the announcement today while in one of his communicative moods.

The houses will be available to anyone caring to buy them at a price governed by prevailing general market conditions.

"Lumber is too high for the poor man to build his own home," said Mr. Ford. "We are going into the lumber business and give poor, a lumber from our own forests at cost."

"We do not waste our lumber by letting the forest fires burn it up. The ordinary logger leaves a pile of debris and after it lies a year it gets dry and makes a good forest fire. We use an every stick of wood. Consequently we have had little fire losses this year while our neighbors have lost millions of feet of the finest of lumber."

"Out of this economy we are able to give poor men lumber at cost when we get started. We didn't have twenty men on our entire forest lands during the fire period."

"At the present time all building has stopped. Homes are short. Cities are congested. Men cannot afford to build. It is too expensive."

"We are going to build a model city out here at Dearborn. There are 5,000 acres of real estate. We will give the people lumber at cost. We'll use the Edison plan for cement houses, generally, and the lumber will be used for the floors, doors and windows. Edison has perfected the plan of pouring cement houses. I was talking with him this summer when we worked out this plan of a model city in Dearborn."

"We will give over 4,000 or 5,000 acres to these model homes. We want each home owner to have plenty of space so there will be built six houses to the acre. That means that there will be about 30,000 homes."

THE LIFE OF A HOME

A healthy, happy, contented wife is the life and joy of the home and the greatest inspiration a man can have. Yet how many homes in America are blighted by the ill-health and sufferings of the wife and mother. It may be backache, headaches, the tortures of a displacement or some other ailment peculiar to her sex, which makes her irritable, despondent and her whole life a burden. Every woman in this condition should rely upon Lydia E. Pinkham's Vegetable Compound made from roots and herbs to restore her to health and happiness. No statistics prove that it benefits 95 out of every 100 women who try it.

Radcliffe Has Youngest College Dean.

Miss Bernice Brown of Radcliffe college, Cambridge, Mass., is the youngest dean of any American women's college.

BASKING SHARK NEVER BITES

This May Have Been Fortunate for Men Who Caught Monster Off Long Key.

The 40,000-pound sea monster caught off Long Key has been identified as an Indo-Pacific basking shark by L. L. Mowbray, vice president of the New York aquarium. The basking shark, Mr. Mowbray announces, is harmless when let alone. Permit him to bask placidly on the undulating bosom of the sea, and he bears no creature ill will.

It is fortunate for those who go down to the sea in ships or down to the surf to swim that the creature is thus disposed. It required an all-day struggle and 50 shots from a high-powered rifle to subdue him, once his wrath was stirred by the stab of a harpoon. He was 35 feet long, 28 feet in greatest circumference and had a tail span of 12 feet.

Were such a creature of an aggressive nature the sea in his vicinity would be hardly safe for the average submarine, while pleasure boats would afford no protection whatever from his fury, and if he used the waters of the North Atlantic coast as a basking ground surf bathing would soon become obsolete.

Hitherto the children of the earth have found abundant reason for gratitude that rattlesnakes cannot fly like hawks, or tigers run like antelopes, or mosquitoes sting like wasps. To this list of blessings we may now add the fact that basking sharks do not bite.

—New York Times.

HEALTHY BABIES OF JAPAN

They Seem to Have a Hard Time, According to Our Ideas, but Thrive Nevertheless.

According to our modern scientific ideas as to the careful treatment of babies, those of Japan would seem to have a hard time, and yet there are no healthier, nor fatter looking little mortals on the face of the earth. We insist on a fixed temperature, on sterilized milk, on all sorts of improved things, while the Japanese baby gets a good dose of nature, and seems to thrive on it. It is dressed and undressed in a frigid temperature in winter, and in summer its tender little eyes are always exposed to the full glare of the sun, as it is carried on its mother's back. It is to be feared, however, that this latter treatment often does affect the eyes of the children, though they get over it later in life. At Nagasaki, among the women coalers who coal the ship, you may see many with babies on their backs. The mothers work all day in the rain or in the sun, or the snow, and there baby sleeps, indifferent to everything, the top of its head alone visible, while the movements of the mother do not seem in the least hindered, and she as if the babies of this class were born steaks!

Modern Jerusalem.

The ancient city of Jerusalem, where Christ did so many of his mighty works, now has a modern waterworks system. The reservoirs known as the Pools of Solomon were not really Solomon's at all, but were made by Roman engineers. These have been cleaned out and their leaks stopped. Now two of them are at work again. They hold 40,000,000 gallons.

The pools are supplied from a spring in a cavern called Elr Darash. A large quantity of gravel and stones have been removed, and the aqueduct and tunnels between the spring and the pools repaired; and Jerusalem has its up-to-date waterworks—a splendid tribute to the science of ancient Rome. For many years the origin of Jerusalem's water supply was a secret. During the siege of Jerusalem the besiegers were disappointed in their hope of the city surrendering through lack of water.

Uncle Jasper.

"Proverbs ain't always correct," began Uncle Jasper. "I'll cite you a case. Some years ago Rothschild decided to add to his collection of mosses and lichens from many parts of the world, but he wanted more. He wanted moss from the Urals, from the Arctic circle, from the tip end of Patagonia. He was ready to pay a good salary. And who did he employ to gather this moss? A rolling stone."—Louisville Courier-Journal.

Blue Law.

When they closed the bar on one of the transatlantic liners bound for the land of liberty one of the passengers protested. "Seems like you're closing up awful soon; how far are we from land, anyway?" "Just about three miles," answered the steward politely. "Funny we can't see it!" "You could, if the water were clear enough."—Los Angeles Times.

No Trespassing.

On a farm in South Georgia is posted this sign:

"Trespasser will be persecuted to the full extent of 2 mean mongrel dogs which ain't never been ovariectomized with strangers and 1 double-barrel shotgun which ain't loaded with no soft pillows. Damn, if I ain't tired of this hel raise on my property."—Everybody's Magazine.

Rattlesnakes.

Mustard gas, phosgene and chlorine, deadly accomplishments of war, will be turned upon large dens of rattlesnakes in the vicinity of San Marcos, Tex. The experiment is to be made by special order of the chief of medical warfare, Washington.—Scientific American.

CHILDREN PERISH WHEN HOME BURNS

Dillonvale, Oct. 26.—Four children ranging in age from 9 to 42 years were burned to death last night when the home of their parents, Mr. and Mrs. Frank Anderjki, was destroyed by fire. One son 15 years old was saved. The parents suffered severe burns in attempting to save the other four.

The five children were sleeping in a room adjoining that of their parents when the father discovered the blaze. He saved his oldest boy, who had been aroused by the fire and his wife and attempted to return for the others but was driven back time and time again by the flames.

The bodies of the four children were found in the ruins of the small frame house, which was quickly consumed by the flames.

SENATE MAY HAVE A NEW PRESIDENT

CUMMINS, WHO HAS IMPORTANT
COMMITTEE CHAIRMANSHIP,
LIKELY TO STEP DOWN.

HONOR BUT NOT MUCH WORK

Man Who Presides Over the Upper
House Has Little to Do, but Plenty
of Solons Would Like the Posi-
tion.

By EDWARD B. CLARK

Washington.—There is speculation in Washington as to the identity of the next president pro tem of the United States senate. Senator Cummins of Iowa was the presiding officer in the absence of the vice president for some time, but now that the vice president has become President, the president pro tem in effect will be the president permanent of the senate. It is said that Senator Cummins is not over anxious for a continuation of the honor which has been his.

The place in a way is a conspicuous one, and one to which considerable honor attaches, but the Iowa senator is chairman of a powerful committee, and it is said he does not care for presiding honors. If they are to interfere with his duties as committee chairman. He may not take the high chair in the senate if by the transfer he has to lose the head chair at the committee table.

The presiding officer of the senate, whether he is the vice president or merely a president pro tem, does not have much to do but sit and look fairly wise. Occasionally he gets tired of sitting and wanders out, but for most of the time he is compelled to stick in his place and listen to dreary debates or to repeat time after time as bills reach a certain stage the word "calendar," or else to confine his vocal exercises to giving verbal expression to the fact that the senator from New York or some other state has been recognized. Nevertheless the office of president pro tem of the senate is not to be despised. It has been held by several men who became great in the country's history.

Frye in Chair Many Years.

Senator William P. Frye of Maine was presiding officer of the senate for a great many years. He managed to perform the duties of head officer and at the same time carry on the work attached to the office of chairman of the great senate committee on commerce. Senator Frye was an indefatigable worker, and he was not in his latter years a strong man physically. He died at his home in Maine 12 years ago, just after he had closed his work at a senate session of unusual interest and strenuous activity.

There is rather an interesting story connected with the time of Senator Frye's occupancy of the office of president pro tem of the senate. He was chosen to the place immediately after the election of McKinley and Hobart. In 1896, Mr. Hobart became vice president and Senator Frye used to take his place in the chair on the occasion of Mr. Hobart's absence. They became strong personal friends.

Vice President Hobart died in office and then Senator Frye became the actual presiding officer of the senate. His friendship with Vice President Hobart had brought the families of the two men into social relations. A daughter of Senator Frye, president pro tem of the senate, married a son of Garret A. Hobart, vice president of the United States and presiding officer of the senate.

There are several Hobart-Frye grandchildren who can claim the honor of being descendants of two men who at the same time were presiding officers of the United States.

Plenty of Candidates.

If Senator Cummins shall decline the honor of preference for the position of president pro tem of the senate, there will be no difficulty in selecting a man for the place because of lack of candidates. Of course, the next presiding officer will be a Republican, because the Republicans have control of the senate. The only senators who will not aspire to the honor are those whose committees are important enough to lead them to believe that their work as committee chairmen is of greater importance than the work of presiding over the senate, which in effect is not much work, but largely a place of honor.

Presiding officers of the senate frequently, to put it bluntly, are bored stiff. They are compelled by sheer sense of duty to listen to all the speeches which senators seem desirous to deliver. They are many times in the United States senate when the only listeners to some senator's address are the presiding officer, the leader of each political party in the senate, and a handful of persons in the gallery.

First Love.

"Fysche seems greatly attached to that car of his."

"Unfortunately, however, one of his creditors has just displayed an even greater attachment."—Judge.

Put to Good Use.

Newsboy.—Why do you always buy the oldest newspaper on the stand?

Broker.—It's wonderful protection to hide behind when a woman is staring in the street car.

FORMER RESIDENT VICTIM OF STROKE

Leetonia, Oct. 26.—Word was received here Wednesday evening that Charles Bixler, 343 Edwards st., Youngstown, had died Wednesday forenoon at the City hospital in that city within two hours after being taken there from the Carnegie Steel company plant where he was employed as an armature winder and where he had suffered a stroke and hemorrhage of the brain while at work. Mr. Bixler was born at Washington, Pa., about 59 years ago. When a child he came with his parents to Leetonia to live and later the family moved to Youngstown where he lived until his death.

He is survived by his widow, Mrs. Bertha Bixler and his mother, Mrs. Jennie Bixler. His father Henry Bixler having preceded him in death in January 1923.

Relatives from here will attend funeral services at Youngstown Burial in Oakdale cemetery, Leetonia.

Mrs. Henry Howell Dies
The family of Walter Feyock was called to Salem Wednesday night by the critical condition of Mrs. Henry Howell, who later died at the Central Clinic hospital. Mrs. Howell had undergone a serious operation on Monday and was a great sufferer until death's release.

The body was brought to her home on Cherry Fork ave., Leetonia, Thursday. Funeral services will be held from St. Patrick's Catholic church Saturday morning conducted by Rev. Richard Gibbons.

Mrs. Howell is survived by her husband, Henry Howell and an adopted daughter, Miss Anna Howell.

Among the guest list at a dinner given Sunday by Mrs. Emma Herron at her home at Greenford were Mrs. Mary Nold, Mrs. Matilda Grindle, Mr. and Mrs. John Beilhart, daughter, Dorothy Ann and son Howard, and Mr. and Mrs. Frank Paisley all of Leetonia.

Mrs. Harry Schaeffernecker went to Niles Wednesday morning to spend the day.

Sylvester Burt from south of town was a caller at the W. S. Groser home Wednesday.

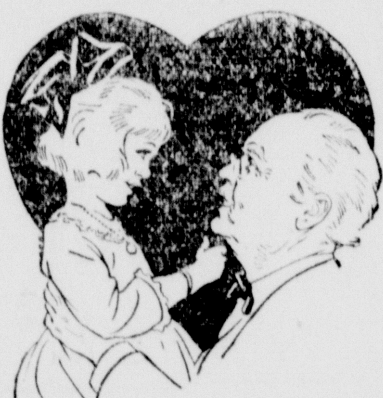

Mrs. Mary Koch and Mrs. Clyde Sline were Youngstown visitors Wednesday.

Mr. and Mrs. Conrad Berg, John Koyser and a number of other relatives attended the funeral of Elias Royer near Columbiana Thursday afternoon.

Rich Folk Enjoy Nickel Cone.

It is a well-known fact that there is something about summer and summer vacations that compels even the most dignified to shake off some of their inhibitions and enjoy themselves in ways they would scorn in other seasons, says the New York Sun and Globe. This is particularly true of the younger set, but older people are not immune. The other day on a much traveled post road an expensive car came to a stop by one of those small roadside stores that specializes in lemonade, popcorn and ice cream. The chauffeur climbed out, went up to the diminutive counter and in a moment returned to the car with three ice cream cones which his passengers—a woman and two men with money stamped all over them, proceeded to eat with evident and almost childish enjoyment.

Salineville.—An oil well pumping 72 barrels a day was recently struck on the William Derrance farm near here. With steady operation the well continues to pump 24 barrels daily.

Vigorous Old Age

WHY separate youth and old age living abyss?

The bloom of youth and the hardy, ruddy glow of Old Age—sixteen and sixty—should be separated only by the span of years and not by varying differences of physical wholesomeness.

Vigorous old age is within the grasp of all. S. S. S. brings that hale and hearty feeling back with a rush. Rich red blood is the greatest enemy of weakening, health undermining Old Age. S. S. S. builds Red Blood Cells. Rich, red blood coursing through your veins sweeps away impurities that retard the proper functioning of your system. Old Age—once a dreaded agony becomes a vigorous, enjoyable, care free time of life.

S. S. S. is made of carefully selected herbs and barks—scientifically prepared and proportioned. Welcome Old Age when it comes. Be ready to withstand the attacks of diseases that follow in its wake. Meet Old Age with a hearty handshake. A handshake that speaks of well being—of a vigorous, clear thinking, red blooded constitution. S. S. S. is your best friend when Old Age is seen rounding the corner. Get a bottle and drive care and worry away. All leading drug stores carry it.

The large size is the more economical.

478,700 NEGROES MIGRATE IN YEAR

Washington, Oct. 26.—A study of the northwest migration of Southern negroes made by the labor department was that 478,700 negroes left 13 Southern states in the year ending Sept. 1. The figures were compiled from state, municipal and industrial sources. The migrations by states were as follows:

From Alabama, 90,000; Florida, 90,000; Mississippi, 82,000; Virginia, 10,000; North Carolina, 25,000; South Carolina, 25,000; Louisiana, 15,000; Tennessee, 10,000; Arkansas, 5,000; Kentucky, 2,500; Texas, 2,000 and Oklahoma 1,000.

Southern observers have advised the labor department that during winter months, in their opinion, large numbers will return south.

And now science informs us that in the not distant future vibration will take the place of food. But what are those vibrators going to cost us? That's the important point!

The number of intellectuals grows steadily, but there still are enough real people to make the world interesting.

Fashion note from Paris says coats will completely cover frocks. But what will the frocks cover?

Still, if the doctors make an end of all incurable diseases, how will rich men get out of the penitentiary?

Cable dispatches say Moors are getting telephones. Wait and listen for real Moorish oaths now.

"Pape's Diapiesin" Corrects Any Sour, Gassy, Unsettled Stomach

Parabol

GUARANTEED YEARS

We have never yet
Experienced so much
Genuine satisfaction
In the sale of Tank Balls
As we have with this
Mushroom Parabol.
Of course the shape
Is the reason for the name.
Unlike the mushroom
This article

Did not grow in a night
But is the result
Of long years of
Patient labor and
Many experiments
And diligent research.
We have been more
Than gratified
At the response
That has come from
Our efforts to introduce
This article
Those we have sold
Are satisfied
Because the MUSHROOMS
Are doing the work
In an honest way.
And are backing up
The guarantee
For three years' wear
Or another ball.
And then we say
Because it's cool
That Radiantfres
Are just the thing
To take the chill
From these fall days
And we've received
In the past day or two
Several more styles
And so our line
Is more complete
Than it has been
For several weeks.
But we suggest
That you come in
While it is that way.
Yours RADIANTLY
